Contents

1. **Frontal Lobe Epilepsy** **1**
   Samhita Panda, Gopal Krishna Dash, Raghavendra S
   - Demographic Data *1*
   - Etiology *1*
   - Semiological Classification *1*
   - Examination *5*
   - Differential Diagnoses *5*
   - Management *5*
2. **Temporal and Pseudotemporal Lobe Epilepsy in Children** **14**
   Haseeb Hassan, AtmaRam Bansal, Paresh Zanzmera
   - Surgical Treatment for TLE *19*
3. **Pediatric Posterior Head Region Epilepsy** **23**
   Pramod Krishnan, Pandurang Wattamwar, Anis Jukkarwala
   - Etiopathogenesis *23*
   - Seizure Semiology *26*
   - Radiological Features *29*
   - Management *32*
4. **Reflex Epilepsy Syndromes** **38**
   Shiva Kumar R, Malcolm Jeyaraj, Pradeep N Nair
   - Reflex Epilepsy *38*
   - Classification *38*
   - Management *43*
   - Jeavons Syndrome *44*
   - Eating Induced Seizures *48*
   - Startle Induced Seizures *49*
5. **Genetic Epilepsy with Febrile Seizures Plus (GEFS+) and Idiopathic Generalized Epilepsy (IGE) Syndromes** **51**
   Sandeep Padmanabhan, Atampreet Singh, Sujit Jagtap
   - Febrile Seizures (FS) and Febrile Seizures Plus (FS+) *51*
   - Clinical Presentation *52*
   - Diagnostic Evaluation *53*
   - Management *53*
6. **Benign Seizure Susceptibility Syndromes** **63**
   Mini S, Jeevan S Nair, Prasanth Varghese
   - Benign Childhood Epilepsy with Centrotemporal Spikes *63*
   - Benign Occipital Epilepsy Syndromes *75*
7. **Neonatal Seizures and Epilepsies** **84**
   Joseph Samuel P, Ramshekhar N Menon
   - Classification *85*
   - Diagnosis and Management *89*

- Prognosis *92*
- Neonatal Epilepsy Syndromes *93*
- MPSI *94*

8. Early Infantile Epileptic Encephalopathies **106**
Suresh Babu P, Ramshekhar N Menon, Atampreet Singh
- Early Infantile Epileptic Encephalopathy (Ohtahara Syndrome) *106*
- Early Myoclonic Encephalopathy *110*
- Malignant Migrating Partial Seizures of Infancy (MMPSI) *113*
- EEG *115*

9. West Syndrome **118**
Ramshekhar N Menon

10. Migrating Partial Seizures of Infancy and Febrile Infection-related Epilepsy Syndrome **126**
Sujit Jagtap
- Migrating Partial Seizures of Infancy (MPSI) *126*
- Febrile Infection-related Epilepsy Syndrome *128*

11. Dravet Syndrome **131**
Neeraj Baheti
- Demographic Data *131*
- Etiology *131*
- Clinical Manifestations *131*
- Diagnostic Procedures *132*
- Differential Diagnosis *132*
- Treatment *133*
- Long-term Outcome *134*

12. Lennox-Gastaut Syndrome **136**
Ajith Cherian
- Differential Diagnosis *139*
- Pathogenesis *140*
- Treatment *142*

13. Landau-Kleffner Syndrome **144**
Hardeep Kumar, Sanjeev V Thomas
- Epidemiology *145*
- Etiopathogenesis *145*
- Investigations *146*
- Imaging in LKS *146*
- Differential Diagnosis *149*
- Treatment *150*

14. Approach to Myoclonic and Atonic Seizures of Children **152**
Sai Satish, Ashalatha Radhakrishnan
- Approach to Myoclonic Seizures of Childhood *153*
- Approach to Atonic Seizures of Childhood *154*
- Atonic Seizures *163*

15. Familial Autosomal Dominant Focal Epilepsies **166**
Ramesha K Nekkare
- Commonly Recognized Autosomal Dominant Familial Focal Epilepsy Syndromes *166*
- Other Rare Possible Autosomal Dominant Familial Focal Epilepsy Syndromes *166*
- Familial Temporal Lobe Epilepsy *168*

16. Autoimmune Encephalitis in Children **173**
Kalyani Karkare, Himanshu Soni
- Etiology *174*
- Clinical Features *175*
- Laboratory Features *176*
- Management *178*
- Recovery Pattern *179*
- Approach to Autoimmune Encephalitis in Children *179*

17. Acute Symptomatic Seizures in Children **182**
Deepak Menon, Rajesh B Iyer
- Defining the Problem *182*

18. Approach to a Child with First Unprovoked Seizure **188**
Ajay Asranna, Rajesh S Iyer
- Characterization of the Paroxysmal Event *188*
- Investigations in Children with FUS *189*

19. Newer Antiepileptic Drugs in Pediatric Epilepsy Syndromes **194**
Keni Ravish Rajiv, Vikash Agarwal
- Current Status of Newer AEDs in Pediatric Epilepsy Syndromes *195*
- Current Status of Newer AEDs in India *199*

20. Status Epilepticus in Children **202**
Deepak Menon, Suvasini Sarma
- Epidemiology *202*

21. Imaging in Pediatric Epilepsy **212**
Krishna Vadan BM, Bejoy Thomas
- Substrates of Pediatric Intractable Epilepsy Syndromes: Therapeutic Strategies Based on Imaging *212*
- Imaging Plan in Epilepsy Patients *213*
- Magnetic Resonance Imaging of the Epileptogenic Substrates—Representative Cases *216*

22. Surgically Remediable Pediatric Epilepsy Syndromes **230**
Ramshekhar N Menon, Ashalatha Radhakrishnan
- Basic Principles in Selection of Surgical Candidates *231*
- Structural Surgically Remediable Epilepsies *232*
- Distinctive Constellations (Including Neurocutaneous Syndromes) *239*
- Special Considerations *245*

23. Approach to a Child with Infantile Hemiparesis and Refractory Epilepsy **250**
Deepak Menon, Kesavadas C, George Vilanilam, Mathew Abraham
- Timing of Surgery *251*

24. Referral Patterns in Pediatric Epilepsy Surgery **258**
Ajay Asranna, Ashalatha Radhakrishnan

25. Evolution of Classification of Various Pediatric Epilepsy Syndromes: Has it Made a Difference? **265**
Chandana Gaddipati, Jitesh Goyal
- History of Nosology *265*
- Pitfalls of the ILAE Classification of Seizures (1981) in the Context of Pediatric Epilepsies *266*
- Pros and Cons of ILAE, 1989, Revised Classification of Epilepsies and Epileptic Syndromes in the Context of Pediatric Epilepsies *268*
- ILAE, 2001, Diagnostic Scheme and Other Proposals *270*
- Changes in Pediatric Epilepsy in ILAE Proposal for Revised Terminology for Organization of Seizures and Epilepsies, 2010 and 2011–2013 Report *271*
- ILAE, 2016, Ongoing Task Force: Operational Classification of Seizure Types and Classification of the Epilepsies *276*
- Pediatric Epilepsy Surgery *276*
- Few Scenarios Where the Evolution of Classification has Led to the Diagnosis of Epilepsy/Epilepsy Syndrome *278*
- Epileptic Encephalopathy *279*
- Future Directions *279*
