Contents

PART 1: IMMUNOLOGY

1. Immunology: An Overview **3**
Nancy Kennedy, Novy Gupte, Suraj Gupte, S Frank

Historical Aspects *4;* Types of Immunology *4;* Immunity *9;* Innate Immunity *10;* Adaptive or Acquired Immunity *12;* Components of the Immunologic/Immune System *13;* Antigen Presenting Cells/Dendritic Cells *17;* Cytokines *17;* Macrophages *18;* Complement System *18;* Immunologic Sequence Following Antigenic Attack *22*

2. Issues and Concerns in Immunology **25**
Nancy Kennedy, Novy Gupte

Immunologic Basis of Autoimmune Disease *25;* Immunologic Basis of Allergy (ATOPY) *27;* Immunologic Aspects of Malignancy and Anticancer Chemotherapy *28;* Immunologic Manipulation by Drugs *29;* Immunological Manipulation by Pathogens *29;* Immune System and the Nervous System *31;* Immunodeficiency and Special Risks *32;* Immunoglobulins in Immunological Disorders *32;* Bone Marrow Transplantation (BMT) *33*

3. Immunodeficiency States **38**
Nancy Kennedy, Novy Gupte

Immunodeficiency: Pattern and Presentation *38;* Primary Immunodeficiency States *39;* Secondary Immunodeficiency States *44;* Clinical Clues to Immunodeficiency States *45*

4. Immunodeficiency: Diagnostic and Therapeutic Approach **49**
Novy Gupte, Suraj Gupte, S Frank

Diagnostic Approach *50;* Therapeutic Approach *57;* Prognosis and Outcome *59*

5. Immunotherapy: Current Concepts and Dilemmas **62**
Uma Raju, Biju John

Common Immunotherapeutic Agents *62;* Immunotherapy in Disease *66;* Immunotherapy in Infections *78*

6. Intravenous Immunoglobulins **86**
Kailash Chandra Patra

Introduction and Historical Aspect *86;* Fractionation of Serum Proteins *86;* Immunoglobulin and its Structure *87;* Preparation of Intravenous Immunoglobulin *88;* Pharmacokinetics *89;* Mechanism of Action *89;* Dose of IVIG and Methods of Administration *90;* Complications *91;* Therapeutic uses of Intravenous Immunoglobulin *91;* Discussion on Various Indications of IVIG in Children *92*

7. Immunological Basis for Neonatal Sepsis **103**
R Sivji, P Sasidharan

Etiologic Considerations *103;* Immune System: An Overview *104;* Monocytes and Macrophages *106;* Mast Cells in Neonates *107;* T Lymphocytes *107;* Important Defects in a Neonate *108;* Problems with Antigen-presenting Cells *109;* Complement System *109;* Hemopoietic Factors in Neonates *110;* Passive Imunity *110;* Cytokines and Proinflammatory Mediators *111;* High Mobility Group *112;* Current Advances in Diagnosis and Management *113*

8. Acute Disseminated Encephalomyelitis **120**
Sunil G Manas, Ranjan Sahoo, Gouri Rao Passi

Epidemiology and Etiology *120;* Pathology *121;* Clinical Presentation *122;* Diagnosis *123;* Differential Diagnosis *125;* Treatment *127;* Outcome *127*

9. Reactive Hemophagocytic Lymphohistiocytosis **130**
Sushmita Banerjee, Priyankar Pal, Arpita Bhattacharya

Pathogenesis *130;* Familial Hemophagocytic Lymphohistiocytosis *131;* Reactive or Secondary HLH *131;* Clinical Presentation *132;* Differential Diagnosis *132;* Investigation *133;* Treatment *135*

PART 2: INFECTIONS

10. Central Nervous System Infections **143**
Sheffali Gulati, Rachna Sehgal, K Lakshminarayanan

Acute Bacterial Meningitis *143;* Differential Diagnosis *150;* Aseptic Meningitis *158;* Acute Encephalitis *159;* Acute Disseminated Encephalomyelitis *165;* Chronic Meningitis *169;* Therapeutic Approach *179*

11. Pediatric HIV Infection **189**
P Femitha, B Vishnu Bhat

Epidemiology *189;* The Indian Scenario *189;* Transmission of Virus *190;* The Virus and its Molecular Structure *192;* Pathogenesis *192;* Clinical Diagnosis *193;* Clinical Manifestations: An Overview *193;* Systems Affectedd *197;* Common Opportunistic Infections *200;* Mortality *201;* Diagnosis *202;* Management *204*

12. Pediatric Tuberculosis **215**
H Paramesh, Nitin Singh

Diagnosis *216;* Treatment *225*

13. Bloody Diarrhea **237**
Rajniti Prasad, Nidhi Narsaria, BK Das

Etiology *238;* Pathogenesis *239;* History *240;* General Examination *241;* Abdominal Examination *241;* Investigations *241;* Imaging Studies *242;* Management *243*

14. Methicillin-resistant *Staphylococcus aureus*: A Bugging Issue **249**
B Adhisivam, B Vishnu Bhat

Epidemiology *249;* Bacteriology and Resistance *250;* Community-associated Mrsa *251;* Risk Factors and Transmission *252;* Clinical Manifestations *252;* Laboratory Diagnosis *255;* Treatment *255;* Critical Mrsa: Management *257;* Topical Therapy *259;* Prevention *259;* Research *261*

15. Meningococcal Disease **266**
Rashna Dass

History *266;* Organism *267;* Epidemiology *271;* Epidemiology: Indian Scenario *274;* Carriage Rates *274;* Transmission and Risk Factors *275;* Pathogenesis *275;* Clinical Features *285;* Management *287;* Prognostication in Meningococcal Disease *292*

16. Neonatal Sepsis: Management Beyond Antibiotics **300**
Utpal Kant Singh, Rajniti Prasad

Etiology *300;* Clinical Manifestations *301;* Diagnosis *301;* Time-honored Treatment *303;* Immunotherapy *303;* Anti-inflammatory Therapy *304;* Role of Neutrophils and G-CSF *304;* Role of Anticoagulation in Management of Sepsis *306;* Intensive Insulin Therapy *307;* No Synthase Inhibitor in Sepsis *308;* Caspase Inhibitor *308;* Role of Volume Resuscitation/Early Goal Directed Treatment *309;* Exchange Transfusion in Septic Neonates with Sclerema *309;* Role of Corticosteroids *309;* Potential Therapies for Sepsis *310*

17. Vector-borne Diseases **313**
B Adhisivam, B Vishnu Bhat

Common Vector-borne Disease *313;* Dengue *314;* Malaria *323;* Japanese Viral Encephalitis *329;* Chikungunya *331;* Kala-azar *333;* Lymphatic Filariasis *334;* Vector Management *335*

18. Infective Endocarditis **340**
Bashir A Charoo, Javeed Iqbal Bhat

Etiology *340;* Pathogenesis *341;* Clinical Manifestations *342;* Diagnosis *343;* Treatment *344;* Complications *345;* Prevention *367*

19. Infection Control **372**
E Venkata Rao, Shradha Gupta

Basic Understanding *372;* Emerging and Re-emerging Infectious Diseases *374;* Healthcare-associated Infections in Developing Countries *376;* Community-acquired Infections *384;* Regional Co-operation and Coordination *389*

PART 3: IMMUNIZATION

20. Vaccine-preventable Diseases **397**
R Rajkumar

Historical Aspects *398;* National Immunization Schedule *401;* Immunization in Special Situations *407;* Surveillance for Vaccine-preventable Disease *415;* Vaccination in Current Millenium *416;* Annexure *416;* Websites for Additional Information on Pediatric Vaccines *416*

21. India's National Immunization Program: Conventional Vaccines and Beyond **421**
Suraj Gupte, Novy Gupte, Madhuri Mathur, Jennifer D'Souza
Historical Perspectives *421;* National Immunization Program *423;* Bacille Calmette-guérin Vaccine *423;* Oral Polio Vaccine *425;* Measles Vaccine *426;* Diphtheria, Tetanus and Pertussis, (DTWP/DTAP/Triple Vaccine) *427*

22. New and Underutilized Vaccines: Introduction in National Immunization Programs **434**
Chandrakant Lahariya, Devesh Kumar, Monika Puri
Decision-making Framework for new Vaccine Introduction *447;* Annexure *450*

23. Adolescent Vaccines **454**
B Vishnu Bhat, Sukanya Govindan
Hepatitis B Vaccine *455;* Hepatitis a Vaccine *456;* Rubella Vaccine *456;* Typhoid Vaccine *457;* Varicella Vaccine *458;* Tetanus Toxoid *458;* Pneumococcal Vaccine *459;* Human Papilloma Virus Vaccine *460;* National Immunization Schedule *461;* IAP Immunization Schedule *461*

24. Human Papilloma Virus Vaccine: Vision of Eradication of Cervical Cancer **464**
Bratati Banerjee
Magnitude of the Problem *464;* Risk Factors *465;* Prevention *469;* Human Papilloma Virus Prophylactic Vaccine *471;* Human Pappiloma Virus Vaccination Program *477;* Second Generation Vacciness *489*

25. Immunization of the Immunocompromised Children **498**
A Parthasarathy, Naveen Thacker, Panna Choudhury, Rohit Agrawal, Vijay Yewale
Dilemma *499;* Basis of Vaccination in Immunocompromised Children *499;* General Principles *500;* Immune Responses and Cd4+ Count *500;* Recommendations in Various Immunocompromised States *501*

PART 4: PHARMACOTHERAPY OF INFECTIOUS DISEASES AND IMMUNOLOGIC DISORDERS

26. Promising Antimicrobial Drugs: New and not so New **509**
Novy Gupte, Suraj Gupte, R Kumar
Antibiotic (Antibacterial) Drugs *509;* Antifungal Drugs *528;* Antiviral Drugs *533;* Antiparasitic Drugs *545*

27. Antimicrobial Resistance: Issues and Concerns **552**
Novy Gupte, Suraj Gupte
Underlying Mechanism *553;* Burden and Current Scenario of AMR *553;* Why Antimicrobial Resistance *557;* Antimicrobial Resistance—A Global Concern: Why? *559;* The Way Out *559;* Need for Newer Antibiotics *560*

Index *567*
