Contents

1. The Midfacial Degloving Approach **1**
Pavan S Mallur, Gady Har-El
Preoperative Evaluation and Anesthesia 1
Surgical Techniques 2
Postoperative Treatment 5

2. Maxillary Swing Approach to Central Skull Base **7**
William Ignace Wei
Preoperative Evaluation and Anesthesia 8
Surgical Techniques 8
Postoperative Treatment 17

3. Minimally Invasive Endoscopic Staple Diverticulotomy for Zenker's Diverticulum **21**
Daniel Zikk, Amir Szold
Preoperative Evaluation and anesthesia 22
Surgical Technique 22
Postoperative Evaluation 23
Comments 25

4. Radical Neck Dissection **27**
Claudio R Cernea, Lenine G Brandão
Preoperative Evaluation and Anesthesia 27
Surgical Technique 28
Postoperative Treatment 30

5. Total Parotidectomy **33**
Eugene N Myers, Robert L Ferris, Joshua Dunklebarger
Preoperative Evaluation and Anesthesia 34
Surgical Technique 36
Postoperative Treatment 44

6. Resection of Lymphangiomas and Hemangiomas of the Neck and Face in Pediatric Patients **48**
Jochen A Werner, Behfar Eivazi
Infantile Hemangiomas 48
Vascular Malformations 48
Preoperative and Intraoperative Diagnostic and Preventive Measures 50
Treatment of Hemangiomas 51
Surgery of Venous Malformations 51
Treatment of Lymphatic Malformations 53
Perspectives in Antiangiogenic Treatment 58

7. Maxillofacial Prosthetics and Rehabilitation **61**
Mordechai Sela, Anat Buller Sharon
Extraoral Rehabilitation 61
Extraoral Prosthetics 65

8. Sentinel Node Biopsy **71**
Francisco J Civantos
Sentinel Lymph Node Biopsy for Head and Neck Squamous Cell Carcinoma 72
Gamma Probe Guided Selective Neck Dissection 73
Controversies Regarding Surgical Technique 73
Surgical Technique (Contrast Between Oral and Cutaneous Lesions) 73
Risks of Sentinel Lymph Node Biopsy 78

9. Laryngopharyngectomy **82**
Sheng-Po Hao, Shih-Wei Kuo
Anatomy 82
Preoperative Evaluation and Anesthesia 82
Surgical Techniques 83
Postoperative Treatment 88

10. Acoustic Neurinoma—Management and Surgical Approach **90**
Tal Shahar, Yuval Shapira, Nevo Margalit
Clinical Presentation 90
Pathology 90
Treatment Options 92
Postoperative Care 95

11. The "Pterional" (Frontotemporal) Approach **98**
Erez Nossek, Nevo Margalit
Surgical Technique 98

12. Craniofacial Resection **105**
Dennis Kraus
Preoperative Evaluation and Anesthesia 105
Surgical Technique 105
Postoperative Treatment 108

13. Per Oral Glossectomy **110**
Dennis Kraus
Preoperative Evaluation and Anesthesia 110
Surgical Technique 110
Postoperative Treatment 111

14. Parathyroidectomy **113**
Manish D Shah, Jeremy L Freeman
Preoperative Evaluation and Anesthesia 113
Surgical Technique 114
Reimplantation and Cryopreservation 118
Secondary and Tertiary Hyperparathyroidism 118
Postoperative Treatment 119

15. Substernal Goiter **120**
Manish D Shah, Jeremy L Freeman
Preoperative Evaluation and Anesthesia 120
Surgical Technique 121
Postoperative Treatment 123

16. Thyroglossal Duct Cyst **125**
Peter Li, Peter J Koltai
Preoperative Evaluation and Anesthesia 126
Surgical Technique 127
Postoperative Treatment 129
Recurrent Lesions 129
Thyroglossal Duct Cyst Carcinoma 129
Thyroglossal Duct Cyst in the Tongue Base 130

17. Tracheal Resection for Locally Advanced Thyroid Cancers **131**
N Gopalakrishna Iyer, Ashok R Shaha
Preoperative Evaluation and Anesthesia 131
Surgical Technique 132
Postoperative Treatment 136

18. Excision and Reconstruction of Recurrent Pleomorphic Adenoma of the Parotid Gland **137**
Adam S Jacobson, Mark L Urken
Preoperative Evaluation and Anesthesia 137
Surgical Technique 138
Postoperative Treatment 141

19. Parotidectomy with Facial Nerve Resection **146**
Jose P Zevallos, Ehab Y Hanna
Preoperative Evaluation 146
Surgical Technique 147
Postoperative Care 149

20. Salivary Gland Endoscopy 152
Oded Nahlieli
Pre-Endoscopy Assessment 152
Endoscopic Sialolithotomy 153
Preoperative Evaluation and Anesthesia 153
Surgical Techniques 154
Intraductal Versus Extraductal Procedure 154
Modified Rhytidectomy Approach 158
Cheek Approach 161
Contraindication 162
Postoperative Management and Follow-Up Care 162

21. Modified Radical Neck Dissection 164
Fernando L Dias, Roberto A Lima, Fernando Walder
Preoperative Preparation 166
Surgical Technique 166

22. Treatment of Benign Cysts of the Jawbones 175
Benjamin Shlomi, Ilana Kaplan
Cysts of the Jaws 175
Preoperative Assessment and Anesthesia 175
Surgical Technique 178
Postoperative Treatment 179

23. Base of Tongue Surgery 181
Carol M Lewis, Randal S Weber

Part A: Transmandibular Approaches 182

Preoperative Evaluation and Anesthesia 182
Surgical Technique 183
Postoperative Treatment 184
Preoperative Evaluation and Anesthesia 185
Surgical Technique 185
Postoperative Treatment 187
Preoperative Evaluation and Anesthesia 188
Surgical Technique 188
Postoperative Treatment 190

Part B: Transpharyngeal Approaches 191

Preoperative Evaluation and Anesthesia 191
Surgical Technique 191
Postoperative Treatment 192
Preoperative Evaluation and Anesthesia 194
Surgical Technique 194
Postoperative Treatment 195
Preoperative Evaluation and Anesthesia 196
Surgical Technique 196
Postoperative Treatment 197

Part D: Combination Transoral-Transcervical Approach 199

Preoperative Evaluation and Anesthesia 199
Surgical Technique 199
Postoperative Treatment 200

24. Laryngotracheoplasty and Laryngotracheal Reconstruction 202
Ari Derowe
Preoperative Evaluation 202
Surgical Techniques 202
Pitfalls of Laryngotracheal Reconstruction and Laryngotracheoplasty 208

25. Tracheotomy 209
Oshri Wasserzug, Dan M Fliss, Ziv Gil
Preoperative Evaluation and Indications 209
Surgical Technique 209
Postoperative Treatment 211
Tracheotomy in the Pediatric Population 211

26. Marginal and Segmental Mandibulectomy **214**
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 215
Surgical Technique 215

27. Total Laryngectomy **228**
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 228
Surgical Technique 229
Postoperative Treatment 238

28. Transfacial Incisions **240**
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 240
Surgical Technique 240

29. Partial Suprastructure Maxillectomy and Partial Infrastructure Maxillectomy **246**
Ziv Gil, Dan M Fliss

Part A: Partial Suprastructure Maxillectomy 246

Preoperative Evaluation and Anesthesia 246
Surgical Technique 248
Postoperative Treatment 251

Part B: Partial Infrastructure Maxillectomy 252

Preoperative and Prosthesis Evaluation 253
Surgical Technique 253
Postoperative Treatment 258

30. Total Maxillectomy **260**
Ziv Gil, Dan M Fliss
Preoperative and Prosthesis Evaluation 260
Surgical Technique 261
Postoperative Treatment 265

31. The Subcranial Approach to the Anterior Skull Base **267**
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 267
Surgical Technique 269
Postoperative Treatment 271

32. Parotidectomy **275**
Ziv Gil, Dan M Fliss
Preoperative Evaluation 276
Surgical Technique 276
Postoperative Treatment 282

33. Selective Neck Dissection of Levels I–IV **284**
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 285
Surgical Technique 285
Postoperative Treatment 295

34. Comprehensive Neck Dissection of Levels II–V **297**
Ziv Gil, Dan M Fliss
Tailoring of Surgery 297
Preoperative Evaluation and Anesthesia 298
Surgical Technique 298
Postoperative Treatment 304

35. Selective Neck Dissection of Levels VI and VII **306**
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 307
Surgical Anatomy 307
Surgical Technique 307
Postoperative Treatment 310

36. Excision of Carotid Body Tumor 312
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 312
Surgical Technique 315
Postoperative Treatment 316

37. Surgical Management of Parapharyngeal Space Tumors 319
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 319
Surgical Technique 321
Postoperative Treatment 331

38. Hemi and Total Thyroidectomy 332
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 333
Surgical Technique 334
Postoperative Treatment 343

39. Mandibular Split Approaches to Cancers of the Oral Cavity 345
Ziv Gil, Dan M Fliss
Preoperative Evaluation and Anesthesia 345
Surgical Technique 346

40. Medialization Laryngoplasty 355
Jacob T Cohen
Preoperative Evaluation and Anesthesia 356
Surgical Technique 356
Postoperative Treatment 357

41. Minimally Invasive Video-Assisted Thyroidectomy 360
Paolo Miccoli, Gabriele Materazzi, Piero Berti
Preoperative Evaluation and Anesthesia 360
Surgical Technique 361
Postoperative Treatment 365

42. Minimally Invasive Video-Assisted Parathyroidectomy 367
Paolo Miccoli, Gabriele Materazzi, Piero Berti
Preoperative Evaluation and Anesthesia 367
Surgical Technique 367
Postoperative Treatment 370

43. Floor of the Mouth Resection 372
Giuseppe Spriano, Giovanni Cristalli, Valentina Terenzi, Paolo Marchesi, Valentina Manciocco
Treatment Planning 372
Preoperative Assessment 372
Surgical Techniques 373
Reconstruction 379

44. Partial Pharyngectomy 382
Giuseppe Spriano, Paolo Ruscito, Barbara Pichi, Jacqueline Crupi
Preoperative Assessment and Anesthesia 383
Transoral Approach 384
Tonsillectomy 384
Extended Tonsillectomy (Pharyngotonsillectomy) 385
Resection of Posterior Pharyngeal Wall 387
Preoperative Evaluation and Anesthesia 388
Median Pharyngectomy 389
Lateral Pharyngectomy 392
Surgical Techniques 395
Composite Transmandibular Pharyngectomy 399

45. Horizontal Supraglottic Laryngectomy 404
Giuseppe Spriano, Raul Pellini, Paolo Ruscito, Valentina Manciocco, Giuseppe Mercante
Preoperative Evaluation 404
Surgical Technique 405
Postoperative Treatment 411

46. Tracheal and Cricotracheal Resection and Anastomosis in Adults **414**
Cesare Piazza, Giorgio Peretti, Piero Nicolai
Preoperative Evaluation and Anesthesia 414
Surgical Technique 419
Postoperative Treatment 426

47. Anterolateral Thigh Perforator Flaps in Head and Neck Reconstruction—Indications and Surgical Technique **429**
Arik Zaretski, Eyal Gur, Fu Chan Wei
Related Anatomy 429
Various Types of Anterolateral Thigh Flap 429
Surgical Techniques for Harvesting the Anterolateral Thigh Flap 430
Anterolateral Thigh Flap for Head and Neck Reconstruction 431
Tongue Reconstruction 431
Reconstruction of Buccal and Through and Through Cheek Defects 432
Reconstruction of Composite Defects of the Mandible 432
Midface Reconstruction 433
Scalp Reconstruction 433

48. Ear Reconstruction **438**
Moshe Kon, Eyal Gur, David Leshem
Preoperative Evaluation and Anesthesia 439
Surgical Technique 439
Contraindications 442
Complications 443

49. Local Flaps in Facial Reconstruction **445**
Ehud Miller, Eyal Gur
Bilobed Flap 445
Nasolabial Flap 446
Forehead Flap 450
Mustarde and Cheek/Cervicofacial Flaps 450
Antia-Buch Flap 453

50. Pectoralis Major Pedicled Flap for Head and Neck Reconstruction **458**
Yoav Barnea, Eyal Gur, Aharon Amir
Anatomy 458
Flap Types 459
Surgical Technique 460

51. Facial Paralysis Reconstruction
Focus on Long-lasting Facial Paralysis, Cross-Face Nerve Grafting and Free Gracilis Muscle Transfer **464**
Eyal Gur, Ron Zuker, Ehud Arad
Preoperative Evaluation and the Relevant Surgical Options 464
Cross-Face Nerve Grafting and Free Gracilis Muscle Transfer 465

52. Surgical Approaches for Oral Cavity Cancer **474**
Jatin Shah
Preoperative Evaluation and Anesthesia 474
Surgical Technique 475
Postoperative Treatment 478

53. Thyroidectomy and Neck Dissection **480**
Jatin Shah
Preoperative Evaluation and Anesthesia 480
Surgical Technique 481
Postoperative Treatment 486
