Contents

1. Differential Diagnosis of Ocular Symptoms and Signs **1**
Ocular Symptoms 1
Ocular Signs 11

2. Diseases of the Orbit **26**
Anatomy of the Orbit 26
Dysthyroid Exophthalmos 35
Cavernous Sinus Thrombosis 36
Carotidocavernous Fistula 37
Orbital Varix 38
Sphenoid Ridge Meningioma 38
Optic Nerve Glioma (Pilocytic Astrocytoma of Childhood) 39
Lymphangioma 40
Rhabdomyosarcoma 40
Acute Leukemia 41
Capillary Hemangioma 41
Cavernous Hemangioma 41
Malignant Orbital Tumors 42
Cystic Lesions 42
Dermoid Cyst 42
Shallow Orbits 42
Intermittent Proptosis 43
Pulsatile Proptosis 43
Enophthalmos 44

3. Diseases of the Eyelids **45**
Anatomy 45
Examination of the Eyelids 46
Lid Inflammations 48
Disorders of Lid Margins 51
Disorders of the Eyelashes 59
Nodular Lid Swelling 59
Tumors of the Lids 59
Xeroderma Pigmentosum 61

Pigmented Lesions of the Eyelid 62
Vascular Tumors 63
Ulcerative and Infiltrative Lesions 64
Cystic Lesions of the Eyelid 64
Lid Retraction 66
Miscellaneous Lid Disorders 67
Essential Blepharospasm 67
Eyelid Manifestations of Systemic Diseases 68

4. Diseases of the Lacrimal Apparatus 71
Anatomy of the Lacrimal Apparatus 71
Dry Eye Syndrome 71
Stevens-Johnson Syndrome
(Erythema Multiforme Major) 76
Sjögren's Syndrome 77
Hypersecretion of Tear 77
Paradoxic Lacrimation (Crocodile Tears) 77
Acute Dacryoadenitis 78
Chronic Dacryoadenitis 78
Lacrimal Gland Tumors 78
Palpable Mass in Upper and
Outer Region of Orbit 78
Pleomorphic Adenoma (Benign Mixed Cell Tumor) 79
Dacryops 79
Atrophy of Lacrimal Gland 79
Dislocation of Lacrimal Gland 80
Epiphora 80
Eversion of the Lower Punctum 81
Occlusion of the Puncta and Canaliculi 81
Canaliculitis 81
Chronic Dacryocystitis 82
Acute Dacryocystitis 82
Tumors of the Lacrimal Sac 83

5. Diseases of the Conjunctiva 84
Anatomy of the Conjunctiva 84
Investigations in Case of An Acute Red Eye 85
Conjunctivitis 86
Symptomatic Conditions 98
Nonpigmented Conjunctival Lesions 102
Degenerative Conditions 102
Conjunctival Tumors 105

6. Diseases of the Cornea **109**
Structure of the Cornea 109
Morphologic Classification of Keratitis 113
Central Ulcerative Keratitis 113
Viral Corneal Ulcer 116
Mycotic Corneal Ulcer 120
Systemic Diseases Causing Marginal Corneal Ulcer 123
Nonulcerative Keratitis 124
Endothelial Lesions 127
Corneal Degenerations 130
Corneal Dystrophies 135
Miscellaneous Disorders 143

7. Diseases of the Sclera **146**
Investigations for Episcleritis and Scleritis 146
Episcleritis 146

8. Disorders in the Anterior Chamber **153**
Depth and Content of the Anterior Chamber 153

9. Diseases of the Uveal Tract **159**
Anatomy 159
Degenerative Changes in the Uvea 177
Tumors of the Uvea 178

10. Pupillary Disorders **182**
Pathways of Pupillary Light Reflex 182

11. Diseases of the Crystalline Lens **193**
Anatomy of the Crystalline Lens 193

12. Diseases of the Vitreous Humor **203**
Anatomy of the Vitreous Humor 203

13. Glaucomas **210**
Anatomy in Relation to Glaucoma 210
Miscellaneous Groups of Glaucoma 235

14. Diseases of the Retina **238**
Anatomy of the Retina 238
Investigations in Retinal Disorders 238
Anomalies of Retinal Blood Vessels 249
Arteriosclerotic and Hypertensive Retinopathy 260
Peripheral Degenerations in Normal Fundus 272
Heredomacular Dystrophies 285
Age-Related Macular Degeneration (ARMD) 287
Disorders of Bruch's Membrane 292

15. Diseases of the Visual Pathways **299**
Anatomy of the Visual Pathways 299
Optic Atrophy 310

16. Diseases of Ocular Motility **316**
Anatomy of the Extrinsic Muscles 316
Vertical Squint 334
Cyclovertical (Alphabet Pattern) Deviations 335

17. Manifestations in Systemic Diseases **347**
Metabolic Disorders 347
Vascular Disorders 349
Blood and Reticuloendothelial System Diseases 352
Endocrine Diseases 354
Infective Diseases 357
Sexually-Transmitted Diseases 359
Connective Tissue Diseases 359
Rheumatological Diseases 362
Neurological Disorders 363
Skin and Mucous Membrane Disorders 370
Phakomatoses 374
Pulmonary Disorders 375
Gastrointestinal Disorders 377

18. Pediatric Ophthalmology **378**
Pediatric Inflammations 378
Pediatric Infections 378
Defects of Whole Eyeball 379
Microphthalmos 379
Developmental Defects in the Skull and Face 380
Developmental Abnormalities of Lids and Palpebral Fissure 381
Developmental Anomalies of the Conjunctiva 383
Developmental Abnormalities of Anterior Ocular Segment 384
Developmental Abnormalities of the Cornea 384
Congenital Anomalies of the Uvea 384
Developmental Cataract 389
Developmental Abnormalities of the Vitreous 395
Developmental Abnormalities of the Choroid and Retina 396
Developmental Anomalies of the Optic Disk 397

Reversed Vascular Pattern in Ocular Fundus (Situs Inversus) 400
Glaucoma in Childhood 401

19. Refractive Errors **403**
Equipments and Instruments in Refraction Work 403
Hypermetropia (Hyperopia) 405
Myopia 407
Astigmatism 407
Presbyopia 410
Computer Vision Syndrome (CVS) 412

20. Ocular Injuries and Emergencies **413**
Classifications 413
Occlusion of Central Retinal Artery 415

21. Ocular Syndromes **427**
Ocular Syndromes 427
Acquired Immunodeficiency Syndrome 427

Further Readings ***463***
