Contents

Section 1: Gastroenterology

1. Irritable Bowel Syndrome **1**
Sarath Gopalan, Balraj Yadav, Satish K Tiwari

Pathogenesis 4; Who is Susceptible to Develop IBS? 4; Clinical Presentation 4; Diagnostic Criteria 5; Management 5; IBS In Developing Countries 7; Prognosis 7

2. Gastroesophageal Reflux Disease **10**
Pratibha Kale, Satish K Tiwari

GER Vis-À-Vis GERD 10; Pathophysiology 11; Clinical Manifestations 12; Differential Diagnosis 13; Diagnosis 13; Treatment 14; Prognosis 15

3. Upper Gastrointestinal Bleeding **17**
VSV Prasad, Anjul Dayal

Epidemiology 17; Etiology 17; Differential Diagnosis 18; Clinical Assessment 19; History and Physical Examination 19; Laboratory Evaluation 19; Other Diagnostic Tests 20

4. *Helicobacter pylori* in Children **26**
Naren Sandeep Dudyala

Epidemiology 26; Pathophysiology 27; Clinical Manifestations 30; Recurrent Abdominal Pain and *H. Pylori* 30; Diagnosis 32; Differential Diagnosis 35; Treatment 35; *H. Pylori* Infection in Children and Gastric Adenocarcinoma in Adults 36

5. Recurrent Abdominal Pain **41**
Chapay Soren

Clinical Features 42; Epidemiology 42; Morbidity 42; Etiology and Classification 42; Diagnosis 47; Treatment 49; Prognosis 52

6. Diarrheal Diseases **57**
Suraj Gupte, Novy Gupte, Lisa Anderson, RA Anderson

Diarrheal Diseases Profile 57; Diarrhea-Malnutrition Relationship 58; Diarrheal Disease and Cognition 59; Controlling Diarrheal Disease: Need for a Political will 59; Acute Diarrhea 60; Persistent Diarrhea 64; Chronic Diarrhea 70; Prognosis 77

7. Antibiotic-associated Diarrhea **82**
Novy Gupte, Suraj Gupte, RA Anderson

Historical Aspects 82; Terminology 83; Definition 83; Incidence/Frequency 83; Etiopathogenesis 84; Pathophysiology 85; Clinical Features 86; Diagnostic Considerations 87; Differential Diagnosis 87; Therapeutic Approach and Outcome 88; Prognosis 90; Preventive Aspects 90

8. Celiac Disease **95**
Bashir A Charoo, Javeed Iqbal Bhat

Pathogenesis 96; Clinical Features 96; Diagnosis 97; Treatment 98

9. Abdominal Tuberculosis **101**
Ajay Gaur

Causation 101; Pathogenesis 102; Clinical Features 104; Investigation 104; Treatment 109; Complications 109

10. Pediatric Inflammatory Bowel Disease **112**
Suraj Gupte, RA Anderson, Lisa Anderson, Novy Gupte

Epidemiology 114; Pathophysiology 114; Clinical Manifestations 117; Diagnostic Approach 118; Distinguishing Features of Major Forms of IBD 121; Complications 123; Differential Diagnosis 123; Management 123; Prognosis 129

11. Constipation **133**
Suraj Gupte, EA Anderson, Lisa Anderson

Constipation: Consensus Definition 135; Pathophysiology 135; Etiologic Considerations 135; Clinical Manifestations 141; Diagnosis 141; Complications 142; Management 142; Prevention 145; Prognosis 146

12. Gastrointestinal Endoscopy in Children **148**
Lalit Bharadia

Indications of Upper GI Endoscopy 149; Indications of Colonoscopy 152; Contraindications of GI Endoscopy 153; Complications 157; Salient Differences between Pediatric and Adult Endoscopies 158; Newer Modalities 158; Wireless Capsule Endoscopy 158; Enteroscopy 159

Section 2: Hepatology

13. Viral Hepatitis **163**
Sudhir Mishra, Aoyon Sengupta, Satish K Tiwari

Etiology 165; Pathology 166; Clinical Features 166; Clinical Course 166; Laboratory Features 167; Management 167; Hepatitis A 168; Hepatitis B 170; Hepatitis D 179; Hepatitis C 181; Hepatitis E 186

14. Acute Liver Failure **195**
P Bachina, Ramesh Kancharla

Causes of Acute Liver Failure and Diagnostic Tests 196;

15. Portal Hypertension **211**
Yogesh Waikar

Etiopathogenesis 211; Causes and Classification 212; Various Definitions/Criteria in Portal Hypertension 213; Investigations 214; Management 215; Treatment of Acute Variceal Bleeding 215; Diagnosis 217; Quality of Life and KAP Issues on Portal Hypertension in Children 218; Prognostic Factors in Portal Hypertension 218; Nutrition—Growth Issues in Portal Hypertension 219

16. Approach to Ascites **223**
Ravinder K Gupta, Ritu Gupta

Pathophysiology 223; Investigation 226; Differential Diagnosis 231; Complications 232; Treatment of Ascites 232; Refractory Ascites 235; Prognosis 237

17. Neonatal Cholestasis **240**
Rojo Joy, B Vishnu Bhat

Incidence and Definition 241; Etiology 241; Pathogenesis 241; Major Intrahepatic Disorders 242; Extrahepatic Disorders 244; Evaluation of an Infant with Cholestasis 245

18. Liver Abscess **257**
Milind S Tullu, Sonal Bhatia

Types of Liver Abscess 257

19. Chronic Liver Disease in Children **273**
Rajniti Prasad, OP Mishra, Utpal Kant Singh

Clinical Features 275; Diagnosis 275; Management 279

20. Metabolic Liver Diseases **289**
Ravinder K Gupta, Ritu Gupta

Inherited Unconjugated Hyperbilirubinemia 290; Inherited Conjugated Hyperbilirubinemia 298; Wilson Disease (Hepatolenticular Degeneration) 300; Indian Childhood Cirrhosis 307; Neonatal Iron Storage Disease 307; Alpha-1-Antitrypsin Deficiency 307

21. Pediatric Liver Transplantation **314**
Neelam Mohan

Selection Process for Liver Transplantation 317; Contraindications 319; Pretransplant Evaluation 320; Preparations for Liver Transplantation 320; Liver Transplant Surgery 321; Postoperative Management 324; Postoperative Complications 324; Scenario in India 326

22. Acute Pancreatitis in Children **330**
Anjul Dayal, VSV Prasad

Pathophysiology 331; Clinical Presentation 331; Diagnostic Tests 331; Management 334

Section 3: Nutrition

23. Dietary Management of Diarrhea **339**
Akash Bang, Satish K Tiwari

Diarrhea Menace 341; Why is Dietary Management in Diarrhea Important? 341; Nutritional Management in Acute Diarrhea 342; Nutritional Management in Some Specific Situations 351; Nutritional Management During Recovery 352

24. Nutrition in Pediatric Liver Disease **356**
Naresh P Shanmugam, Brundavani, Ramesh Kancharla

Cause of Malnutrition in Liver Disease 356; Assessment of Nutritional Status 357; Nutrition in Acute Liver Failure 357; Nutrition in Chronic Liver Disease 359; Disease-Specific Management 362; Nutrition after Liver Transplantation 363

25. Ready-to-Use Therapeutic Food **367**
Novy Gupte, Suraj Gupte, Mary Gomez

Problem of SAM Management 367; The Way Out 368; Global Support for RUTF 369; Story of RUTF in a Nutshell 371; Production of RUTF 372; RUTF Vis-À-Vis Family Foods 372; Recommended Indications of RUTF 373; Grey Areas Concerning RUTF 373; RUTF in India 374

Section 4: Therapeutics

26. Pharmacotherapy in Pediatric Gastroenterology **381**
Novy Gupte, Suraj Gupte, Ameeta Bhardwaj

Drugs in Gastrointestinal Disorders 383

27. Probiotics **404**
Yogesh Waikar

Where We Start? 404; What are Probiotics? 405; Probiotics and Immunity 405; Probiotics and Infections 406; Probiotics and Infant Formula 406; Probiotics and Allergy 406; Probiotics and Irritable Bowel Syndrome 406; Probiotics and Inflammatory Bowel Disease 407; Probiotics and Constipation 407; Probiotics and Obesity 407; Probiotics and *H. Pylori* 407; Probiotics in Clinical Practice: Yes or No? 407

Index ***411***
