Contents

1. Structure and function 1

2. Hereditary disorders 4

- Ichthyosiform dermatoses 4
- Ichthyosis vulgaris 4
- X-linked ichthyosis 5
- Lamellar ichthyosis 6
- Epidermolytic hyperkeratosis 10
- Palmo-plantar keratoderma 11
- Epidermolysis bullosa 12
- Freckles 14
- Lentigines 14
- Xeroderma pigmentosum 15
- Albinism 15

3. Nutritional deficiencies 16

- Phrynoderma 16
- Pellagra 17
- Angular stomatitis 17
- Acrodermatitis enteropathica 19

4. Diseases due to physical agents 21

- Pressure/friction 21
- Burns 21
- Erythema ab Igne 22
- Frost bite 22
- Chilblains 22
- Photodermatitis 23
- Photosensitivity 23
- Actinic lichenoid grouped papular eruption 25

5. Pyodermas 26

- Impetigo contagiosa 26
- Ecthyma 26
- Erysipelas 27
- Cellulitis 27
- Carbuncle 27
- Acute intertrigo 28
- Acute paronychia 28
- Boils 28
- Folliculitis 28
- Infectious eczematoid dermatitis 30

6. Tuberculosis 31

- Lupus vulgaris 31
- Tuberculosis verrucosa cutis 31
- Scrofuloderma 33
- Papulo-necrotic tuberculid 33
- Lichen scrofulosorum 33
- Lupus miliaris disseminata faciei 33
- Tuberculosis cutis orificialis 34
- Tubercular chancre 34

7. Leprosy 35

- Indeterminate leprosy 35
- Tuberculoid leprosy 35
- Maculo-anesthetic leprosy 35
- Neuritic leprosy 35
- Lepromatous leprosy 38
- Histoid leprosy 38
- Dimorphous (borderline) leprosy 38
- Reactions in leprosy 40

8. Dermatophytoses 44

- Tricho-dermatophytoses 45
- Glabrous dermatophytoses 46
- Intertriginous dermatophytoses 46
- Palmo-plantar dermatophytoses 48
- Ungual dermatophytoses 48

9. Candidiasis 51

- Oral candidiasis 51
- Peri-anal candidiasis 51
- Genital candidiasis 52
- Intertriginous candidiasis 53
- Chronic paronychia 54
- Generalized candidiasis 54
- Erythrasma 55

10. Pityriasis versicolor 56

11. Mycetoma 57

12. Viral infections 59

- Verrucae 59
- Molluscum contagiosum 62
- Herpes zoster 63
- Herpes simplex 64

13. Infestations 67

- Scabies 67
- Pediculosis capitis 70
- Pediculosis corporis 71
- Pediculosis pubis 72

14. Allergic dermatoses 73

- Urticaria 73
- Atopic dermatitis 76
- Allergic drug reactions 79
- Contact dermatitis 83
- Insect bites 92

15. Autoimmune disorders 97

- Pemphigus 97
- Pemphigoid 105
- Dermatitis herpetiformis 105
- Benign bullous dermatosis of childhood 107
- Lupus erythematosus 107
- Scleroderma 109

16. Pigmentary disorders 115

- Vitiligo 115
- Chloasma 121
- Idiopathic guttate and confluent hypermelanosis 123
- Photo-contact pigmentation 123
- Idiopathic guttate hypomelanosis 125

17. Diseases of the hair 126

- Diffuse alopecia 126
- Anagen defluvium 128
- Androgenetic alopecia 129
- Alopecia areata 130
- Secondary alopecia 131
- Folliculitis decalvans 132
- Pseudopelade 132
- Trichotillomania 132
- Traction alopecia 133
- Premature graying of hair 133
- White forelock 133
- Hypertrichosis 134

18. Disorders of the sebaceous glands 135

- Acne 135
- Seborrhoeic dermatitis 138
- Pityriasis Capitis 140

19. Disorders of the sweat glands 141

- Miliaria crystallina 141
- Miliaria rubra 141
- Hyperhidrosis 142
- Anhidrosis 142

20. Miscellaneous disorders 143

- Pityriasis alba 143
- Pityriasis rosea 143
- Lichen simplex chronicus 144

- Pompholyx 145
- Nummular eczema 145
- Lichen planus 145
- Psoriasis 150
- Erythroderma 159
- Rosacea 159
- Rhinophyma 160
- Striae atrophicans 160
- Acanthosis nigricans 160
- Prurigo nodularis 161
- Stasis dermatitis 161
- Schamberg's disease 162
- Dermatitis artefacta 163

21. Naevi 164

- Melanocytic naevi 164
- Naevus achromicus 166
- Naevus anaemicus 167
- Epidermal naevus 167
- Inflammatory linear verrucous epidermal naevus 168
- Capillary haemangioma 169
- Naevus vasculosus 169
- Cavernous haemangioma 170
- Lymphangioma 171

22. Tumours 172

- Milia 172
- Skin tags 172
- Seborrhoeic keratosis 173
- Syringoma 173
- Senile angioma 174
- Xanthelasma 174
- Cutaneous horn 174
- Neurofibromatosis 175
- Tuberous sclerosis 176
- Trichoepithelioma 177
- Basal cell epithelioma 178
- Squamous cell epithelioma 179

23. Sexually transmitted diseases 180

- Syphilis 180
- Primary syphilis 180
- Secondary syphilis 180
- Latent syphilis 181
- Tertiary syphilis 183
- Gonorrhea 183
- Non-specific urethritis 184
- Chancroid 184
- Lymphogranuloma venereum 185
- Donovanosis 186
