CONTENTS

Sectoin 1: Diagnosis and Classification

1. **Classification of Diabetes** 3
   MA Shekar, Surekha B Shetty

2. **Diagnosis of Diabetes: A Reality Check** 8
   MA Shekar, R Lalitha

3. **Pancreatic Diabetes** 17
   AG Unnikrishnan, Shilpa S Sule

Sectoin 2: Epidemiology

4. **Management of Diabetes Epidemic: Global Perspective** 25
   Gundu HR Rao

5. **Global Epidemic of Type 2 Diabetes Mellitus: An Epidemiologist's Perspective** 36
   Arun Nanditha, Snehalatha Chamukuttan, Arun Raghavan, Ambady Ramachandran

6. **Lifestyle Factors in the Epidemic of Type 2 Diabetes Mellitus** 52
   Ranjit Mohan Anjana, Rajendra Pradeepa

7. **Reversal of Diabetes and Lifestyle Disorders: The Basis, Effectiveness, and Evidence** 68
   Neeta Deshpande, Nitin Kapoor

8. **Diabetes in Manitoba: A Plan to Address the Epidemic** 74
   Jon M Gerrard, Elizabeth Gonsalves

Section 3: Etiopathogenesis

9. **Hyperglycemia in Pregnancy: New Clinical Paradigms** 97
   Christos Bagias, Angeliki Xiarchou, P Saravanan

10. **Diabetes in South Asia: Epidemiology, Determinants, Clinical Management, and Public Health Implications** 110
    Andrew P Hills, Anoop Misra

11. **The Lifespan from Obesity to Adiposity to Adiposopathy** 113
    Matthew Barberio, Rachael Batabyal, Kylie Krohmaly, Danielle Martin, Robert J Freishtat

12. **Essential Fatty Acids and their Metabolites in Diabetes Mellitus** 121
    Undurti N Das

13. **Fetal Origins of Adult Disease in South Asians: In Utero Disturbances and Metabolic Diseases** 132
Jayneel Limbachia, Russell J de Souza, Sonia S Anand

14. **Epigenetics of Diabetes Complications** 145
Marpadga A Reddy, Sadhan Das, Rama Natarajan

15. **Genomics of Type 2 Diabetes Mellitus and Monogenic Forms of Diabetes** 161
Radha Venkatesan, Viswanathan Mohan

Section 4: Comorbidities and Complications of Diabetes

16. **Diabetic Dyslipidemia** 181
Vinaya Simha

17. **Managing Hyperglycemia in Diabetic Kidney Disease** 189
AG Unnikrishnan, Vedavati Bharat Purandare

18. **Hyperglycemia and Hypoglycemia in the Long-term Care of Elderly Diabetics** 198
MV Jali

19. **Heart Failure and Diabetes Mellitus** 203
Ganapathi Bantwal

20. **Cardiovascular Autonomic Neuropathy** 210
Nalini BW, Vageesh Ayyar S

21. **Recent Advances in Management of Diabetes Foot Ulcers** 216
Vijay Viswanathan, Udyama Juttada

22. **Clinical Advancements in Diabetic Retinopathy** 221
Ramachandran Rajalakshmi

23. **Diabetic Ketoacidosis in Children and Adolescents** 234
Poovazhagi Varadarajan

Section 5: Recent Advances and Technologies

24. **Gestational Diabetes Mellitus: Screening, Diagnosis, and Management** 247
Bhavadharini Balaji, Viswanathan Mohan

25. **Diabetes and Alzheimer's Disease: The Connection** 258
Harsh Atul Hirani, Ranjit Unnikrishnan, Viswanathan Mohan

26. **Diagnosis of Early Risks, Management of Risks, and Reduction of Vascular Diseases** 265
Gundu HR Rao

27. **Recent Trends in Diabetes Technologies** 279
Jothydev Kesavadev

28. **Medical Devices Made in India and Diagnostic Platforms Validated for the Management of Cardiometabolic Risks** 298
Gundu HR Rao

29. **TM-Flow System: A Valid Solution to Inverse the Growing Trend of Diabetes and Associated Vascular Disease** 319
Albert Maarek

Section 6: Special Issues in Diabetes

30. **Precision Medicine in Diabetes: What, When, and Where?** 331
Ranjit Unnikrishnan, Viswanathan Mohan

31. **Contributions of SASAT for our Understanding of Cardiometabolic Diseases in South Asians** 337
Gundu HR Rao

32. **Contributions from Diabetes Unit, KEM Hospital, to Diabetes Research in India** 345
Sanat Phatak, Chittaranjan S Yajnik

33. **Early Origins of Noncommunicable Disease: Perspectives from Mysore Cohorts** 353
Kumaran K, Krishnaveni GV, Veena SR, Murali Krishna, Hill JC, Stein CE, Fall CHD

34. **New-biology Frontiers in Diabetes Research with Special Reference to MicroRNAomics, Metabolomics, and Metagenomics** 366
M Balasubramanyam, Viswanathan Mohan

Afterword 373
Gundu HR Rao
