CONTENTS

Section 1 Basic Clinical Dermatology and Investigations in Dermatology 1

1A Terminology of Skin Lesions 3
1B Terminology of Skin Lesions 6
1C Symptoms of Skin Disease 7
1D Skin Biopsy 8
1E Photopatch Test 9
1F Patch Test 10
1G Wood Lamp Light 11
1H Diagnosis of Erythematous Rash 12
1I Diagnosis of Maculopapular rash 13
1J Diagnosis of Petechiae/Purpuric Rash 14
1K Diagnosis of a Patient Presenting with Plaques 15

Section 2 Papulosquamous Disorders 17

2A Diagnosis of Papulosquamous Disorders 19
2B Psoriasis 20
2C Topical Agents to Treat Psoriasis 22
2D Systemic Agents to Treat Psoriasis 23
2E Treatment Protocol—Using Topical Therapy with Coal Tar (Goeckerman Regime) 24
2F Treatment Protocol—Using Topical Therapy with Dithranol 25
2G Systemic Therapy — Protocols in Management of Psoriasis 26
2H Monitoring Patients on Methotrexate 27
2I Systemic Therapy—Protocols in Management of Psoriasis—Using Cyclosporin A 28
2J Monitoring Patients on Cyclosporin A (CsA) 29
2K Systemic Therapy—Protocols in Management of Psoriasis Using Retinoid 30
2L Monitoring Patients on Acitretin 31
2M Phototherapy and Photochemotherapy 32
2N Phototherapy Protocols 33
2O Calculation of MED (Minimum Erythema Dose) 34
2P Determination of Skin Phototype 35
2Q Protocol for Systemic PUVA 36
2R PUVA Therapy 37
2S European Protocol for Systemic PUVA 38
2T Ultraviolet Rays 39
2U Lichen Planus 40
2V Treatment Plan of Lichen Planus (LP) 42
2W Self-limiting Papulosquamous Dermatoses 43
2X Pityriasis Rubra Pilaris 44

Section 3 Bullous Disorders 45

3A Differential Diagnosis of a Bulla 47
3B Diagnosis of Bullous Disorders—Made Easy 48
3C Intraepidermal Bullae 49
3D Dermoepidermal Bullae 50
3E Vesiculobullous (Blistering) Disorder 51
3F Pemphigus 52
3G Drug Therapy in Pemphigus Vulgaris and Periphigus Foliaceus 54
3H Direct Immunofluorescence Microscopy (DIM) 55
3I Erythema Multiforme (EM) 56
3J Bullous Pemphigoid 57
3K Management of Bullous Pemphigoid Plan I 59
3L Management of Bullous Pemphigoid Plan II 60
3M Evaluation of Bullae and Vesicles in the Newborn 61
3N Pemphigus Vulgaris Compared with Mucous Membrane Pemphigoid 62
3O Dermatitis Herpetiformis (DH)/Duhring Disease 63

Section 4 Eczematous Disorders 65

4A Diagnostic Evaluation of Eczema 67
4B Atopic Dermatitis 68
4C Seborrheic Dermatitis 69
4D Contact Dermatitis 70
4E Nummular Eczema 71
4F Lichen Simplex Chronicus 72

Section 5 Disorders of Pigmentation 73

5A Hypopigmentation 75
5B Acquired Hypomelanotic Skin Disorder 76
5C Piebaldism 77
5D Vitiligo 78
5E General Outline for Management of Vitiligo 79
5F Diagnostic of Melanocytic Skin Lesions 80

Section 6 Disorders of Skin Appendages 81

6A Acne Vulgaris 83
6B Management of Acne 84
6C Management of Resistant Cases of Acne 85
6D Acne Rosacea 87
6E Hidradenitis Suppurativa (Apocrine Acne) 88
6F Alopecia Areata 89

Section 7 Abnormal Vascular Responses 91

7A Erythema Multiforme and Stevens-Johnson Syndrome 93
7B Management of Erythema Multiforme and Stevens-Johnson Syndrome 94
7C Urticaria 95
7D Urticaria Vasculitis 96
7E Hypersensitivity Vasculitis (Leukocytoclastic Vasculitis) 97
7F Erythema Nodosum 98
7G Sweet's Syndrome (Neutrophilic Dermatoses) 99
7H Pyoderma Gangrenosum 100

Section 8 Nevi and Skin Tumors 101

8A Melanocytic Nevus 103
8B Management of Nevi 104
8C Epidermal Inclusion Cyst 105
8D Keratoacanthoma 106
8E Actinic Keratosis 107
8F Basal Cell Carcinoma 108
8G Squamous Cell Carcinoma 109
8H Malignant Melanoma 110
8I Capillary Hemangioma of Infancy 111
8J Keloid Scar 112

Section 9 Infections 113

9A Tinea Versicolor (Pityriasis Versicolor) 115
9B Candidiasis 116
9C Sexually Transmitted Infections 117
9D Syphilis (Primary and Secondary) 118
9E Chancroid 120
9F Gonococcal Infection 121
9G Syndromic Management of Sexually Transmitted Infection 122
9H Arthropod Assault (Insect Bites and Stings) 123
9I Cellulitis and Erysipelas 124
9J Folliculitis 125
9K Hand-Foot-and-Mouth Disease 126
9L Impetigo Contagiosa 127
9M Pyoderma 128
9N Pediculosis (Lice) 129
9O Rubeola (Measles) 130
9P Scabies 131
9Q Varicella (Chickenpox) 132

Section 10 Miscellaneous Conditions 135

10A Acquired Acanthosis Nigricans 137
10B Acquired Keratodermas (Palmoplantar Keratodermas) 138
10C Aphthous Stomatitis (Canker Sores) 139
10D Aphthous Vulvitis 140
10E Calciphylaxis 141
10F Callus 142
10G Corn 143
10H Dermatomyositis 144
10I Drug Rash 145
10J Ecthyma 147
10K Eruptive Xanthoma 148
10L Erythrasma 149
10M Granuloma Annulare 150
10N Ingrown Nail 151
10O Lichen Sclerosis 152
10P Lupus Erythematosus 153
10Q Morphea (Localized Scleroderma) 154
10R Skin Manifestations of Diabetes 155
10S Phytophotodermatitis 156

10T Photodermatitis 157
10U Porphyrias: Clinical Presentation, Diagnosis and Treatment 159
10V Pitted Keratolysis 160
10W Porphyria Cutanea Tarda 161
10X Prickly Heat 162
10Y Raynaud's Disease and Phenomenon 163
10Z Striae Atrophicae (Striae Distensae—Stretch Marks) 164
