Drivers of Hip Replacement Surgery xvii
S Samuel Bederman

1. Early Development of Total Hip Arthroplasty 1
William C McMaster

2. Total Hip Arthroplasty—Templating 9
Steven J Schroder, Ran Schwarzkopf
- Radiographs 9
- Digital Templating Algorithm 13

3. Direct Anterior Approach for Total Hip Arthroplasty 21
Evan M Schwechter, Gregory W Brick, John E Ready
- Indications 21
- Difficult Patients 22
- Examination and Imaging 22
- Authors' Preferred Technique 22
- Complications 29
- Outcomes 30

4. The Modified Lateral Approach for Total Hip Replacement 32
Evan M Schwechter, Phuc (Phil) Dang, Ran Schwarzkopf
- Authors' Preferred Technique: Modified Dall Technique 33

5. Posterolateral Approach to the Hip 42
Jason H Lee, Ran Schwarzkopf
- The Posterolateral Approach 42
- Authors' Preferred Surgical Technique 44
- Postoperative Management 47
- Complications 48

6. The Northern Approach for Total Hip Arthroplasty 51
Carlos M Alvarado
- Direct Anterior Approach 51
- Anterior Lateral Approach 53
- Lateral Approach 54

- Posterior Approach 54
- The Author's Preferred Approach (Minimally Invasive Approach to the Hip: The Northern Approach) 55

7. Cemented Total Hip Arthroplasty 59

Yona Kosashvili, Amir Amitai, Snir Heller, Nir Cohen, Steven Velkes

- Basic Principles of Cementation 59
- Cemented Femoral Stem Design 60
- Cemented Acetabular Design 61
- Authors' Preferred Technique of Cementation of the Femoral Stem 62
- Authors' Preferred Technique for Acetabular CUP Cementation 64
- Surgical Pearls and Pitfalls 67

8. Uncemented Total Hip Arthroplasty 69

Cheng-Fong Chen, Tao Ji, Bang H Hoang, Wei-Ming Chen

- History 69
- Surgical Techniques 71

9. Computer-Assisted Hip Arthroplasty 80

Eric L Smith, Nicholas Colacchio, Jonathan D Nyce, Stephen B Murphy

- General Principles of Computer-Assisted Navigation: Image-Based and Image-Free Systems 80
- Procedural Overview of Computer-Assisted Surgery in Total Hip Arthroplasty 81
- Results of Free-Hand Versus Image-Based Versus Imageless Navigation Systems 82
- Minimally Invasive Total Hip Arthroplasty with Computer-Assisted Surgery 83
- Specific Instructions on Performing CT Image-Based Computer-Assisted Surgery 83
- Return to Mechanical Navigation 84

10. Proximal Femoral Reconstruction in Hip Arthroplasty 89

Tao Ji, Cheng-Fong Chen, Bang H Hoang

- Indications 89
- Preoperative Planning 90
- Authors' Preferred Surgical Technique 90
- Postoperative Management 93
- Complications 93
- Outcomes 95

11. Treating the Degenerative Dysplastic Hip 97

Seth A Jerabek

- Indications 97
- Evaluation 97
- Classification 98
- Treatment and Outcomes 100
- Surgical Technique 100
- Complications 105
- Author's Technique Highlights 106

12. Acetabular Protrusio 109

Julius K Oni, Bryan M Saltzman, L Sean Thompson

- Classification/Types 109
- Natural History/Etiology 109
- Diagnosis 110
- Treatment 111
- Postoperative Management 114
- Complications 114
- Outcomes 114
- Future Research Directions 115
- Illustrative Case 115

13. Treatment of Total Hip Arthroplasty Periprosthetic Femoral Fractures 117

Marwin E Scott, Ran Schwarzkopf

- Indications 118
- Examination and Imaging 118
- Classification 118
- Treatment 119
- Complications 126
- Outcomes 127

14. Total Hip Replacement for Treatment of Acetabular Fractures 129

Richelle C Takemoto, Brian F Moore, Jeffrey J Sewecke

- Indications for Combined Open Reduction Internal Fixation and Total Hip Arthroplasty for Management of Acetabular Fractures 129
- Examination/Imaging 130
- Surgical Treatment of Acute Acetabular Fractures with Total Hip Arthroplasty 131
- Complications 132

15. Total Hip Arthroplasty for Treatment of Displaced Femoral Neck Fractures 134

Behnam Sharareh, Ran Schwarzkopf

- Authors' Preferred Technique 140

16. Conversion Total Hip Arthroplasty for Treatment of Failed Hip Fracture Fixation 143

Neil P Sheth, Derek J Donegan

- Clinical Evaluation 143
- Preoperative Planning 145
- Arthroplasty Treatment Options and Clinical Results 149
- Authors' Preferred Treatment 151

17. Complications after Total Hip Replacement **155**

Carlos M Alvarado, Ran Schwarzkopf

- Venous Thromboembolic Disease 155
- Instability 156
- Limb-Length Discrepancy 157
- Periprosthetic Fractures 158
- Postoperative Infection 159
- Peripheral Nerve Injury 162
- Vascular Injury 162

18. Pain Management and Regional Anesthesia for Total Hip Arthroplasty **167**

Leslie Garson, Kyle Ahn

- History of Pain Management for Total Joint Arthroplasty 167
- Pain 168
- The Multimodal Analgesia Concept 169
- Regional Anesthesia for Total Hip Arthroplasty 173
- Evidence-Based Medicine 175
