Contents

1. Cataract Surgery in the Dry Eye Patient **1**

Ryan St Clair, Edward C Lai, Christopher E Starr

- Preoperative Evaluation 2
- Preoperative Testing 3
- Preoperative Treatment 3
- Intraoperative Considerations 4
- Postoperative Care 5

2. Cataract Surgery in Eyes with Corneal Opacification **8**

Jeewan S Titiyal, Himanshu Shekhar

- Indications 8
- Preoperative Work-up 8
- Investigations 9
- Surgical Technique 9
- Postoperative Management 10
- Aids to Facilitate Surgery 10

3. Cataract Surgery in Patients with Pterygium **15**

Sudeep Das, Mathew Kurian, Rohit Shetty, Somshekar Nagappa, Soumya Ganesh Nanaiah

- Surgical Techniques for Pterygium Excision 15
- Simultaneous or Sequential Surgery for Pterygium and Cataract 15
- Choice of IOLs 18
- Choice of Cataract Surgical Technique following Pterygium Surgery 18
- Counseling 19

4. Cataract Surgery in Compromised Endothelium **21**

Steve A Arshinoff

- When Should Concern be aroused? 21
- What Actions can be taken? 21

5. Management of Coexisting Astigmatism during Cataract Surgery **27**

Timothy V Roberts

- Prevalence of Astigmatism 27
- Terminology: *Axis* or *Meridian*? 28
- Measuring Astigmatism 28
- Surgical Techniques 29
- Surgical Planning 31
- Patient Selection 31
- Astigmatism Management Algorithm 32

- Astigmatic Keratotomy 32
- Corneal Marking and Toric IOL Alignment Techniques 33
- Intraoperative Alignment Systems 33

6. Cataract Surgery in Eyes after Corneal Surgery 35

Jorge L Alio, Ahmed A Abdelghany, Alessandro Abbouda

- Preoperative Clinical Examination 35
- Planification of Cataract Surgery 36
- Cataract Surgery in Eyes with Previous Keratoplasty or Associated to Keratoplasty 36
- The Role of Femtosecond Laser in Combined Cataract and Keratoplasty 41
- Cataract Surgery in Eyes with Previous Corneal Trauma and Scars 42
- Cataract Surgery in Keratoconic Eyes 42
- Cataract Surgery in Eyes with Previous Corneal Refractive Surgery 42
- Cataract Surgery after LASIK and PRK 42
- Cataract Surgery with Previous Incisional Corneal Surgery 43
- Combined PK and Cataract Surgery 45
- MICS with Toric IOL in Eyes with Previous Corneal Surgery 45
- Intralase Femtosecond Corneal Graft Surgery 47
- Postoperative Follow-up 49

7. Cataract Surgery in Highly Myopic Eyes 52

Robert Lalane, Uday Devgan

- High Myopia 52
- Preoperative Evaluation 52
- Intraoperative Considerations and Strategies 53
- Postoperative Management 55

8. Cataract Surgery in Eyes with Shallow Anterior Chamber 57

Larry Benjamin

- Preoperative Issues 57
- Peroperative Problems 57
- Capsulorhexis 57
- Hydrodissection 58
- Phacoemulsification and Irrigation/Aspiration 59
- Biometry 59

9. Phacoemulsification in a Small Pupil 61

Vaishali Vasavada, Abhay R Vasavada

- Preoperative Considerations 61
- Postoperative Considerations 65

10. Cataract Surgery in Intraoperative Floppy Iris Syndrome (IFIS) Eyes 67

Steve A Arshinoff, Milad Modabber

- α-Adrenergic Pharmacology and Causes of IFIS 67
- Surgical Complications of IFIS 69
- IFIS Management Strategies 69

- Pharmacologic Management of IFIS 70
- Ophthalmic Viscosurgical Devices 70

11. Cataract Surgery in Uveitic Eyes 77

Aliza Jap, Soon-Phaik Chee

- Surgical Technique 79
- Postoperative Management 83

12. Cataract Surgery in Patients with Iris Defects 85

Sathish Srinivasan, Darren S J Ting

- Iris Suturing 85
- Selection of PID 87
- Surgical Technique 88
- Endocapsular Implantation 90
- Outcomes 90
- Complications 91
- Other Complications 93

13. Phaco in White Mature/Hypermature/Intumescent Cataract 95

Anne M Floyd, Nick Mamalis

- Types of White Cataracts 95
- Preoperative Evaluation 96
- Surgical Approach 97
- Capsular Staining 97
- Capsulotomy 97
- Phacoemulsification 98
- Posterior Capsule Weakness 99
- Zonular Weakness 100

14. The Surgery of Rock Hard Cataracts 101

Richard Packard

- Classification of Rock Hard Cataracts 101
- Anatomy 101
- Incisions 101
- Capsulorhexis, Viscoelastics, and Irrigating Solutions 102
- Hydrodissection 103
- Summary of Learning Points with Rock Hard Cataract 106

15. Cataract Surgery in Eyes with Posterior Polar Cataract 107

David Allen

- The Condition 107
- The Problem 108
- Surgical Planning 108
- Surgery 108
- Outcomes 112

16. Surgery of Subluxated Cataracts: Malyugin Modified CTR **114**
Boris Malyugin
- Surgical Technique 115
- Results 117

17. Cataract in Patients with Pseudoexfoliation **119**
Alan S Crandall

18. Phacoemulsification in Vitrectomized Eyes **122**
Arup Chakrabarti, Meena Chakrabarti, Sonia R John
- Risks in Vitrectomized Eyes 122
- Preoperative Considerations 124
- History 124
- Preoperative Work-up 124
- Intraocular Lens Power Considerations 125
- Postoperative Management 129
- Complications 129

19. Lens Extraction in Primary Angle Closure Glaucoma **132**
Nafees B Baig, Ka-wai Kam, Clement CY Tham
- Definition and Classification of Angle Closure Glaucoma 132
- Management Approach to Chronic Angle Closure Glaucoma 133
- Biometry of PACG Eyes 133
- Anatomical Effects of Cataract Extraction in PACG Eyes 134
- Effects of Cataract Extraction on IOP in PACG Eyes 134
- PACG with Coexisting Cataract 135
- PACG without Cataract 136
- Role of Lens Extraction in APAC 137
- Technical Challenges of Lens Extraction in PACG 137

20. Cataract Surgery and Management of the Glaucoma Patient **140**
Anjum Cheema, Kuldev Singh, Anurag Shrivastava
- Cataract Surgery: A Global Perspective 140
- Cataract Surgery and Intraocular Pressure Lowering 141
- Combined Cataract and Glaucoma Surgery in the POAG Patient 142
- Surgical Considerations 145
- Pseudoexfoliation and Cataract Surgery 145
- IOL Considerations 147
- Management of Glaucoma in the Postoperative Period 147
- Prostaglandin Analog (PGA) Use and Cystoid Macular Edema (CME) 147

21. Lens-induced Glaucoma 152

Rengaraj Venkatesh, Srinivasan Kavitha

- Types 152
- Phacolytic Glaucoma 152
- Phacomorphic Glaucoma 154

22. Cataract Surgery in Eyes with Filtering Blebs 158

Dewang Angmo, Tanuj Dada

- Preoperative Evaluation 159
- Intraoperative Measures 160
- Postoperative Consideration 161
- Outcome of Phacoemulsification in Eyes with a Filtering Bleb 161

23. Cataract Surgery in the Presence of Diabetic Retinopathy 165

Chan Nguyen, Uday Devgan

- Preoperative Testing 165
- Increased Risk of Progression 165
- The Role of Anti-VEGF Agents 166
- Surgical Challenges 169

24. Cataract Surgery and Intraocular Lens Selection in Patients with Age-related Macular Degeneration 171

Meena Chakrabarti, Sonia R John, Arup Chakrabarti

- Timing of Cataract Surgery in Patients with AMD 171
- Review of Literature Regarding the Relationship between Modern Cataract Surgery and Progression of AMD 171
- Preoperative Imaging and the Role of Potential Vision Test before Cataract Surgery 174
- Cataract Surgery in Eyes with Wet AMD in the ERA of Anti-VEGF Therapy 175
- Use of Advanced Technology IOLs (ATIOLs) in AMD Patients Undergoing Cataract Surgery 176

25. Femtosecond Laser Cataract in Diseased Eyes 180

Michael Lawless

- Technique 180
- Relative Contraindications to Laser-Assisted Cataract Surgery 181
- Complex Cases for Femtosecond Cataract Surgery 183
- Cataract Surgery in Minors 186
- Postrefractive Surgery 186

26. Persistent Fetal Vasculature 189

Muralidhar Ramappa, Rupal H Trivedi

- Etiopathogenesis 189
- Clinical Manifestations 189
- Clinical Diagnosis 191

- Role of Imaging 191
- Management 192
- Visual Outcome 193
- Postoperative Complications 193
- Cosmetic Outcome 194

27. Cataract Surgery in Eyes Treated for Retinoblastoma 196

Rupal H Trivedi, Muralidhar Ramappa

28. Congenital Rubella Syndrome 199

Muralidhar Ramappa, Rupal H Trivedi

- Etiopathogenesis 199
- Epidemiology of CRS 200
- Clinical Manifestations 201
- Surgical Management of CRS 204
- Antenatal Diagnosis of Rubella 204
- Surveillance 204
- Preventive Steps 205

29. IOL Power Calculation after Corneal Refractive Surgery 208

Giacomo Savini, Kenneth J Hoffer

- Reasons for Errors in Intraocular Lens (IOL) Power Calculation after Corneal Refractive Surgery 208
- Methods Developed to Calculate IOL Power after Corneal Refractive Surgery by Excimer Laser 209
- Methods Developed to Calculate IOL Power after Incisional Corneal Refractive Surgery 215

30. IOL Power Calculation in High Myopia, Hypermetropia and Postvitrectomized Eyes 218

Harshul Tak, Suresh K Pandey

- IOL Power Calculation in High Myopia 218
- IOL Power Calculation in High Hypermetropia 220
- IOL Power Calculation in Postvitrectomized Eyes 221
- IOL Power Calculation in Silicone Oil Filled Eyes 221

31. Perioperative Management of the Cataract Surgery Patient 224

Michael A Mikhail, Amit K Ghosh

- Preoperative History and Physical Examination for Cataract Surgery 224
- Preoperative Testing for Cataract Surgery 225
- Perioperative Care for Patients with Medical Disorders Undergoing Cataract Surgery 225
- Complications of Cataract Care 227

Index 229
