Contents

1. Introduction **1**
Risk Management *3*
Confidentiality *4*

2. Methods of Recording a Case History **7**

3. General Information **10**
Patient Registration Number *10*
Date *10*
Name *10*
Age *11*
Sex *14*
Education *16*
Address *16*
Occupation *18*
Religion *19*

4. Chief Complaint **20**

5. History of Present Illness **22**
Detailed History of a Particular Symptom *23*

6. Previous Dental History **61**

7. Medical History **64**
Relationship Between Systemic and Oral Health *64*
Health History Forms *65*
Determination of Medical Risk *71*

8. Personal Dental History **81**
Oral Habits *81*
Thumb and Digit Sucking *82*
Pacifier Habits *94*
Tongue Thrust Habit *94*
Mouth Breathing Habit *99*
Bruxism *104*
Other Minor Habits *106*
Oral Hygiene Habits *107*
Adverse Habits *107*
Diet History *107*
Diet-Diary *108*

9. Clinical Examination **116**

10. Extraoral Examination **137**
Skin *137*
Head *138*
Face *138*
Nose, Paranasal Sinuses, Nasal Mucosa and External Ear *143*
Lips *143*
Cheeks *145*
Lymph Nodes *145*
Temporomandibular Joint *153*
Muscles of Mastication *156*
Salivary Glands *158*

11. Intraoral Examination **165**
Soft Tissue Examination *165*
Gingivitis *184*
Chronic Periodontitis *184*
Acute Periodontitis *185*
Hard Tissue Examination *191*
Arch Forms *192*

Alterations in Number of Teeth *200*
Alterations in Size of Teeth *204*
Alterations in Shape of Teeth *205*

12. Establishing the Diagnosis **230**

13. Investigations **232**
Conventional Radiographic Investigations *232*
Histopathological Investigations *239*
Pulp Vitality Testing *241*
Hematological Investigations *242*
Urine Analysis *250*
Microbiological Investigations *250*

14. Final Diagnosis **252**

15. Formulating a Comprehensive Treatment Plan **254**
Phase I: Emergency Phase *255*
Phase II: Preventive Phase *255*
Phase III: Promotive Phase *255*
Phase IV: Curative Phase *256*
Phase V: Rehabilitation Phase *256*
Phase VI: Maintenance Phase *256*
Treatment Planning in Dentistry *258*

16. Levels of Prevention **278**
