Contents

Section 1 Anatomy and Physiology of the Eye

1 Development of the Eye 3

Girija Devi PS, Umesan KG

Stages of Development 3
Development of Different Parts of Eye 3

2 Anatomy of Eyelids 8

Girija Devi PS

Canthi or Angles 8
Structure of Eyelid 8
Glands in Eyelid 10
Innervation of Eyelid 10
Muscles of Palpebral Region 10
Conjunctiva 11

3 Anatomy of the Orbit 13

Girija Devi PS

Dimensions 13
Orbital Margin 13
Orbital Walls 14
Superior Orbital Fissure 16
Optic Canal 16
Inferior Orbital Fissure 16
Nasolacrimal Canal 16
Orbital Septum 16
Orbital Fat 17
Extraocular Muscles and Annulus of Zinn 17
Vasculature of Orbit and Eye 17
Nerves 18

4 Anatomy of the Eyeball 20

Girija Devi PS, Umesan KG

Outer Coat 20
Tenon's Capsule (Fascia Bulbi) 21
Middle Coat 22
Innermost Coat or the Nervous Layer 22
Lens 22

5 Anatomy and Physiology of Extraocular Muscles 24

Anitha Balachandran, Girija Devi PS

Anatomy and Physiology 24

6 Physiology of Eye 28

Girija Devi PS, Lakshmi G

Corneal Transparency 28
Physiology of Tear Film 28
Physiology of Aqueous 29
Physiology of Vision 30
Electrophysiological Test 32
Neurology of Vision 34
Theories of Color Vision 35
Binocular Single Vision 35
Pupillary Reflexes 36

Section 2 Refraction

7 Basic Principles of Optics 43

Girija Devi PS

Absorption, Reflection or Refraction 43
Notation of Lens 48
Detection and Measurement of Lens 48

8 Basic Optics of the Eye 50

Girija Devi PS

Reduced Eye 50
Physiological Optical Defects 51

9 Visual Functions and its Evaluation 53

Girija Devi PS

Visual Acuity 53
Contrast Sensitivity and Glare 56
Color Vision 57
Field of Vision 59
Dark Adaptation 60

10 Refractive Errors 61

Girija Devi PS

Types of Refractive Errors 61
Causes of Refractive Errors 61

Hypermetropia 62
Myopia 63
Astigmatism 66
Anisometropia 67
Amblyopia 68

11 Objective Method of Refraction 70

Girija Devi PS

Retinoscopy 70

12 Accommodation and its Anomalies 72

Girija Devi PS

Mechanism of Accommodation 72

Section 3 Examination of the Eye

13 Clinical Examination of the Eye 79

Girija Devi PS, Sunil

History Taking 79
Diseases of the Anterior Segment 80
Instruments Used in the Clinical Examination of the Eye 82
Basic Investigations 89

Section 4 Diseases of the Eye

14 Conjunctiva 95

Girija Devi PS

Parts of the Conjunctiva 95
Anatomy 95
Color of Conjunctiva 95
Bacteriology 95
Normal Flora of Conjunctival Sac 96
Healing of Conjunctival Wounds 96
Pathological Changes in the Conjunctiva 96
Infective Type of Conjunctivitis 103
Viral Conjunctivitis 103
Bacterial Conjunctivitis 105
Chlamydial Infections 108
Parasitic Infection 113
Non-infective Type of Conjunctivitis 115
Degenerative Conditions of Conjunctiva 121
Concretions 121
Pinguecula 122

Pterygium 122
Cysts and Tumors of the Conjunctiva 124
Cysts of the Conjunctiva 125
Congenital Tumors 125
Acquired Tumors 126

15 Cornea 133

Girija Devi PS

Anatomy and Physiology 133
Examination of Cornea 134
Common Corneal Lesions 136
Infective Keratitis 139
Bacterial Hypersensitivity-mediated Corneal Disease 154
Other Types of Keratitis 158
Corneal Dystrophies 161
Corneal Degenerations 163
Corneal Ectasias 165
Congenital Anomalies of Cornea 167
Contact Lenses 168

16 Sclera 170

Girija Devi PS, Lekshmi H

Anatomy and Physiology 170
Inflammation of Sclera 170
Scleritis in Specific Inflammatory Diseases 174

17 Uvea 177

Girija Devi PS, Kanchana

Anatomy and Physiology 177
Congenital Anomalies of Uveal Tract 178
Uveitis 181
Acute Anterior Uveitis 182
Chronic Anterior Uveitis 189
Investigations in Uveitis 190
Treatment 191
Intermediate Uveitis 192
Posterior Uveitis 193
Infectious Uveitis 194
Purulent Uveitis, Endophthalmitis and Panophthalmitis 199
Non-infectious Uveitis 200
Uveitis of Unknown Causes 202
Uveitis in Children 203
Degenerative Changes in Uvea 206

18 Lens 209

Girija Devi PS

Applied Anatomy 209
Biochemistry 209
Pathology 210
Congenital Anomalies 211
Cataract 212
Displacement of the lens or Ectopia Lentis 225

19 Vitreous 229

Girija Devi PS

Anatomy 229
Normal Age Changes 229
Pathological Changes 230

20 Retina 232

Biju John, Girija Devi PS, Mahadevan, Pappa P

Anatomy 232
Physiology 233
Examination of the Fundus 233
Common Investigations 236
Vascular Retinopathies 238
Acquired Macular Disorders 248
Retinal Detachment 252
Hereditary Retinal and Choroidal Dystrophies 257
Lasers and Cryotherapy in Ophthalmology 262

21 Glaucoma 267

Girija Devi PS, Susan Philip, Thomas George T

Classification 267
Primary Open-angle Glaucoma 268
Primary Angle-closure Glaucoma 284
Congenital and Developmental Glaucoma 295
Classification 295
Primary Congenital Glaucoma 296
Clinical Features 297
Pathogenesis 298
Management 298
Developmental Glaucoma 299
Secondary Glaucoma 299

22 Intraocular Tumors 306

Girija Devi PS

Tumors of Uveal Tract 306
Tumors of Iris 306
Ciliary Body Tumors 307
Tumors of Choroid 308
Tumors of Retina 311
Retinoblastoma 311
Retinal Astrocytoma 316
Retinal Hemangioma 316
Primary Intraocular Lymphoma 316

23 Ocular Trauma 317

Girija Devi PS, Jasmin LB

Chemical Injuries 317
Mechanical Injuries 319
Effects of Blunt Trauma on the Eye 322
Ciliary Body 325
Traumatic Hyphema 326
Concussion Effects on the Lens and Zonule 327
Concussion Effects on the Retina 329
Contusion Effects on the Choroid 329
Concussion Effects at the Optic Disk 330
Concussion Effects on Refraction 330
Traumatic Glaucoma 331
Extraocular Foreign Bodies 332
Traumatic Endophthalmitis 333
Fractures of the Orbit 334
Traumatic Optic Neuropathy 336
Sympathetic Ophthalmia 337

Section 5 Diseases of the Adnexa

24 Lids 341

Girija Devi PS, Lekshmi P Moorthi

Applied Anatomy 341
Diseases of the Lids 342
Anomalies in the Position of the Lids and Lashes 346
Ectropion 353
Entropion 355
Benign and Malignant Tumors of the Lids 358
Abnormalities of the Eyelashes 364

25 Lacrimal Apparatus 365

Girija Devi PS, Sahasranamam

Anatomy 365
Acute Dacryoadenitis 366
Dacryops 367
Mikulicz's Syndrome 367
Tumors 367
Epiphora 368
Canaliculitis 368
Dacryocystitis 369
Acute Dacryocystitis 370
Chronic Dacryocystitis 371

26 Orbit 374

Girija Devi PS, Sija S

Orbit 374
Bacterial Infections of the Orbit 374
Fungal Infections of Orbit 376
Parasitic Infections of Orbit 376
Non-specific Orbital Inflammation (Orbital Pseudotumor) 377
Proptosis 379
Orbital Neoplasms 381
Orbital Surgeries 390

Section 6 Disorders of Ocular Motility

27 Strabismus 399

Anitha Balachandran, Girija Devi PS

Prefixes 399
Suffixes 399
Classification 399
Heterophoria 400
Concomitant Strabismus 404
Non-comitant or Paralytic Squint 410

Section 7 Ophthalmic Surgeries

28 Surgery for Cataract 417

Girija Devi PS

Evolution of Cataract Surgery 417
Couching 417
Early Phase (Extracapsular Cataract Extraction) 417
Cataract 417

Modern Cataract Surgery 417
Evaluation for Cataract Surgery 419
Types of Cataract Surgery 424
Visual Rehabilitation after Icce 425
Complications of Intracapsular Cataract Extraction 427
Extracapsular Cataract Extraction 430
Cataract Surgery in Children 435
Intraocular Lens Implantation in Children 436

29 Glaucoma Surgery 439

Girija Devi PS, Thomas George T

Preparation of Patient 439
Surgical Peripheral Iridectomy 439
Trabeculectomy 440
Cyclodialysis 443
Cyclodestructive Procedures 443
Retrobulbar Alcohol Injection 444
Surgery for Congenital Glaucoma 444

30 Keratoplasty and Refractive Surgeries 447

Girija Devi PS

Eye Banking 447
Corneal Surgeries 448
Penetrating Keratoplasty 449
Lamellar Keratoplasty 451
Lamellar Versus Penetrating Keratoplasty 452
Refractive Surgeries 453
Refractive Surgeries Using Laser 453

31 Ophthalmic Microsurgical Instruments 456

Girija Devi PS, Susan Thomas

General Microsurgical Instruments Used for Ophthalmic Surgery 456

Section 8 Pharmacology

32 Ocular Pharmacology 471

Girija Devi PS, Sunil

Antibacterials 471
Antifungal Agents 472
Antiviral Drugs 473
NSAIDs in Ophthalmology 474
Steroids in Ophthalmology 475
Common Antiglaucoma Medicines 476

Antihistamines and Mast Cell Stabilizers 480
Mydriatics, Cycloplegics and Miotics 480
Artificial Tears 481
Ocular Viscoelastic Devices 482
Dyes Used in Ophthalmology 482

33 Effects of Various Systemic Medications on the Eye 483

Girija Devi PS

Effects of Drugs 483

Section 9 Neuro-ophthalmology

34 Diseases of the Optic Nerve 487

Anuja Sathar, Girija Devi PS

Anatomy 487
Clinical Features 487
Diseases of the Optic Nerve 487
Papilledema 488
Optic Neuritis 491
Ischemic Optic Neuropathies 494
Optic Atrophy 498
Congenital Anomalies 499
Miscellaneous 503

35 Pupillary Anomalies 505

Girija Devi PS

Abnormalities of the Pupillary Reflexes 505

36 Nystagmus 509

Anuja Sathar, Girija Devi PS

Causes 509
Features 509
Types 509
Management 511
Nystagmoid Movements 511

37 Neuro-ophthalmologic Features of ICSOLs 512

Girija Devi PS

Symptoms and Signs 512
Non-localizing 512
Falsely Localizing 513
True Localizing 513

38 Oculomotor Nerves 518

Girija Devi PS

Ocular Motor Nerves (III, IV and VI) 518
III Nerve 518
Trochlear or IV Nerve 522
VI Nerve (Abducent Nerve) 523
Supranuclear Pathways for Oculomotor Control 524
Intranuclear System or Medial Longitudinal Fasciculus 524

39 Migraine 525

Anuja Sathar, Girija Devi PS

Predisposing Factors 525
Etiopathogenesis 525
Classification 525

Section 10 Systemic Diseases and the Eye

40 Diabetes Mellitus 529

Girija Devi PS

Diabetic Retinopathy 529
Advanced Diabetic Eye Disease 533
Clinical Features And signs of Diabetic Retinopathy 535
Management of Diabetic Retinopathy 536

41 Hypertension 539

Girija Devi PS

Hypertensive Retinopathy 539

42 Blood Disorders 542

Girija Devi PS

Severe Anemia 542
Leukemia 542
Bleeding Disorders 542
Reticuloendotheliosis 543

43 AIDS and the Eye 544

Girija Devi PS

Infection by Human Immunodeficiency Virus 544
Anterior Segment Lesions 545
Posterior Segment Manifestations 546

44 Eye and Acquired Connective Tissue Disorders 548

Girija Devi PS

Rheumatoid Arthritis 548
Spondyloarthropathies 548
Juvenile Idiopathic Arthritis 548
Systemic Lupus Erythematosus 549
Antiphospholipid Antibody Syndrome 549
Scleroderma 549
Sjögren's Syndrome 549
Polymyositis and Dermatomyositis 549
Relapsing Polychondritis 549
Vasculitis 549

45 Ocular Changes in Inborn Errors of Metabolism 552

Girija Devi PS

46 Endocrine Diseases 554

Girija Devi PS

Thyroid Eye Disease or Graves' Disease 554
Hypothyroidism 556

47 Ocular Manifestations of Systemic Infections 557

Girija Devi PS

Endogenous Endophthalmitis 557
Specific Infections with Ocular Manifestations 557

48 Miscellaneous Systemic Diseases Affecting the Eye 560

Girija Devi PS

Sarcoidosis 560
Multiple Sclerosis 561
Myasthenia Gravis 561
Myotonic Dystrophy 562
Phakomatoses 562
Rosacea 566

Section 11 Community Ophthalmology

49 National Program for Control of Blindness and its Activities 569

Girija Devi PS, Rajeevan P, Simon George

Objectives of NPCB 569
Activities of NPCB 569
Role of NGOs in NPCB 571

50 Vision 2020 572

Girija Devi PS, Simon George

Vision 2020 572

51 Causes of Blindness 574

Girija Devi PS, Rajeevan P

Blindness in India 574
Prevention of Blindness 575
Blindness in India—The Changing Scenario 575

52 Low Vision Aids 576

Girija Devi PS, Rajeevan P, Sheeba CS

Causes of Low Vision 576
Low Vision Devices 576

Section 12 Multiple Choice Questions

53 Multiple Choice Questions 583

Girija Devi PS

Answers 594
