Contents

1. Introduction to Community Health and Community Health Nursing 1

- Aims of Community Health Nursing *3*
- Philosophy of Community Health Nursing *5*
- Functions and Roles of Community Health Nurse *5*
- Principles of Community Health Nursing *7*
- Scope of Community Health Nursing *8*
- Ethics in Community Health Nursing Practice *11*
- Definition, Concept, and Dimensions of Health *11*
- Dimensions of Health *13*
- Promotion of Health and Maintenance of Health *14*
- Role/Advices of Community Health Nurse in Promotion and Maintenance of Health *17*
- Indicators of Health *18*
- Study Questions *22*

2. Determinants of Health 23

- Determinants of Health *24*
- Eugenics *25*
- Environment *26*
- Sanitation *27*
- Environmental Sanitation *29*
- Concept of Ecology and Ecosystem *30*
- Food Chain and Food Web *33*
- Physical Environment *36*
- Air Pollution *36*
- Light *39*
- Ventilation *40*
- Water *41*
- Water Pollution *42*
- Standards of Housing *50*
- Refuse Disposal or Disposal of Waste *52*
- Disposal of Dead Bodies *53*
- Septic Tank *54*
- Sanitary Well *55*
- Noise *56*
- Rodents *57*
- Food Hygiene *58*
- Food Adulteration *61*
- Food Preservation *62*
- Food and Waterborne Disease *63*
- Drugs and Cosmetic Act *65*
- Sociocultural Aspects of Community *65*

- Hygiene *67*
- Exercise (Physical Activity) *69*
- Recreation *70*
- Rest and Sleep *71*
- Study Questions *72*

3. Epidemiology 73
- Definition *74*
- Scope of Epidemiology *74*
- Concept of Epidemiology *76*
- Aims of Epidemiology *76*
- Uses of Epidemiology *77*
- Natural History of Disease *77*
- Epidemiological Triad *79*
- Dynamics of Disease Transmission *80*
- Morbidity Measurements *83*
- Mortality Measurements *83*
- Methods of Epidemiology *85*
- Epidemiological Approach *86*
- Evidence-based Approach *87*
- Concept of Prevention *88*
- Study Questions *91*

4. Epidemiology and Nursing Management of Common Communicable Diseases 92
- Smallpox *94*
- Chickenpox (Varicella) *97*
- Smallpox and Chikenpox: Learn the Differences *100*
- Measles (Rubeola) *101*
- Mumps *103*
- Rubella (German Measles) *105*
- Influenza *107*
- Acute Respiratory Infections (ARI) *108*
- Prevention and Control of ARI *110*
- Whooping Cough/Pertussis *111*
- Diphtheria *113*
- Tuberculosis *115*
- Sign and Symptoms of Tuberculosis *118*
- Severe Acute Respiratory Syndrome (SARS) *122*
- Poliomyelitis *124*
- Viral Hepatitis *128*
- Cholera *135*
- Diarrheal Disease *140*
- Dehydration *146*
- Typhoid Fever (Enteric Fever) *147*
- Food Poisoning *151*
- Amebiasis *152*

- Hookworm Infection *153*
- Ascariasis (Helmenthic Infection) *155*
- Dengue Fever *156*
- Malaria *159*
- Filariasis *163*
- Zoonosis *164*
- Rabies *166*
- Yellow Fever *168*
- Japanese Encephalitis *169*
- Kyasanur Forest Disease *170*
- Plague *172*
- Anthrax *173*
- Brucellosis *177*
- Salmonellosis *179*
- Leptospirosis (Weil's Disease) *181*
- Rickettsial Diseases *182*
- Tetanus *187*
- Leprosy *189*
- Sexually Transmitted Diseases (STD) *194*
- Ebola Virus *198*
- Immunization *204*
- Cold Chain *209*
- General Measures to Control Communicable Disease *209*
- Study Questions *211*

5. Epidemiology and Nursing Management of Non-communicable Diseases.....213

- Non-communicable Diseases *213*
- Malnutrition *216*
- Anemia *225*
- Hypertension *229*
- Stroke *233*
- Rheumatic Heart Disease *235*
- Coronary Heart Disease/Coronary Artery Disease *236*
- Cancer *238*
- Diabetes Mellitus *239*
- Blindness *242*
- Accidents *243*
- Iodine Deficiency Disorder *244*
- Obesity *246*
- Fluorosis *249*
- Epilepsy *250*
- Study Questions *251*

6. Demography.....253

- Scope of Demography in Community Health Nursing *254*
- Population Dynamics *255*

- Measurement Tools for Population Dynamics *255*
- Demography Cycle *259*
- Methods of Data Collection, Analysis and Interpretation of Demography Data *259*
- Study Questions *262*

7. Population and its Control **263**
- India Population *264*
- Population Explosion *269*
- Promotion of Small Family Norms *271*
- Eligible Couple and Target Couple *274*
- Fertility *274*
- Infertility *274*
- Family Planning *277*
- Women Empowerment *284*
- Study Questions *288*

8. Home Visit **289**
- Bag Technique *292*
- Daily Diary *296*
- Study Questions *296*

9. Primary Health Care **297**
- Primary Health Centre *301*
- Subcentre *303*
- Health Team *305*
- Study Questions *310*

Chapterwise Previous Years' University Questions **311**

Model of Lesson Plan on Hypertension **319**

Model and Solved Question Papers **327**

Bibliography **411**

Index 413
