Recent Questions with Answers *xix-li*

Imaged-based Questions

1. CARDIOVASCULAR SYSTEM 1

Essential Revision Notes 3

Multiple Choice Questions 37

Answer and Explanation 70

Arterial Pulses 70

Jugular Venous Pulse (JVP) 75

Cardiac Auscultation: Heart Sounds and Murmurs 77

First Heart Sound

Second Heart Sound

Third Heart Sound

Fourth Heart Sound

Added Sound 84

Cardiac Murmur 86

Electrocardiogram and Arrhythmias..... 91

General

ST Segment

QT Interval

Hypo/Hyperkalemia

Digitalis Toxicity

Arrhythmias 103

AF and PSVT

VT, VF and PVCs

Torsades De Pointes

WPW Syndrome

Heart Block and Conduction Disturbance

Congestive Heart Failure and PCWP 116

Valvular Heart Diseases 126

Mitral Stenosis

Mitral Regurgitation

Mitral Valve Prolapse (MVP)

Aortic Stenosis

Aortic Regurgitation

Pulmonic Stenosis

Tricuspid Regurgitation

Ischemic Heart Disease and Atherosclerosis 138
Risk Factors/Atherosclerosis
Myocardial Infarction/Angina 147
Cardiomyopathy/HOCM 164
Pericardial Disease 170
Cardiac Tamponade
Constrictive Pericarditis
Hypertension 178
General
Hypertensive Crisis
Renovascular Hypertension
Pulmonary Hypertension 188
Aortic Dissection 190
Cardiopulmonary Resuscitation 191
Cardiac Tumors 197
Rheumatic Fever 199
Congenital Heart Disease 202
General
Tetralogy of Fallot
Atrial Septal Defect
Ventricular Septal Defect (VSD)
Patent Ductus Arteriosus (PDA)
Tricuspid Atresia
Coarctation of Aorta
Total Anomalous Pulmonary Venous Connection (TAPVC)
Transposition of Great Vessels (TGV)
Anomalous Coronary Artery
Eisenmenger's Syndrome
Endocarditis 218
Cardiac Involvement in Carcinoid Syndrome & SLE 227
Athletic Syndrome 228
2. HEMATOLOGY 233
Essential Revision Notes 235
Multiple Choice Questions 276
Answer and Explanation 306
Hypochromic Microcytic Anemias 306
Differential Diagnosis/Approach
Iron Deficiency Anemia
Anemia of Chronic Disease 318
Anemia of Chronic Renal Failure 320

Sideroblastic Anemia 320
Macrocytic Anemia
Hemolytic Anemias 325
General Features
Hereditary Spherocytosis
G6 PD Deficiency
Hemoglobinopathies: Sickle Cell Anemia
Hemoglobinopathies: Thalassemias
Autoimmune Hemolytic Anemia
Microangiopathic Hemolytic Anemia
Proxysmal Nocturnal Hemoglobinuria (PNH)
Aplastic Anemia and Myelodysplastic Syndrome 358
Aplastic Anemia and Pancytopenia
Myelodysplastic Syndrome
Myeloproliferative Disorders 365
General/Classification
Polycythemia Myelofibrosis
Essential Thrombocytosis
Lymphomas and Chronic Leukemias 373
Hodgkin's Lymphoma
Non-Hodgkin's Lymphoma and Leukemia
Burkitt's Lymphoma
Hairy Cell Leukemia
Mantle Cell Lymphoma
Chronic Lymphocytic Leukemia (CLL)
Chronic Myeloid Leukemia (CML) and CMML
Mycosis Fungoides
Acute Leukemia 399
General Characteristics
Acute Lymphoid Leukemia (ALL)
Acute Myeloblastic Leukemia (AML)
Biphenotypic Leukemia
Plasma Cell Disorders/Multiple Myeloma 407
Multiple Myeloma Variance and other Plasma Cell Disorders
Bleeding/Coagulation Disorder 420
General
Hemophilia
von Willebrand's Factor (vWF) Disease
Platelet Function Disorders
Thrombocytopenia and Purpura

Idiopathic Thrombocytopenic Purpura (ITP)
Thrombotic Thrombocytopenic Purpura (TTP)
Disseminated Intravascular Coagulation (DIC)
Hypercoagulable States/Thrombosis 440
General
Antiphospholipid Syndrome
Hemolytic Uremic Syndrome
Budd-Chiari Syndrome
Methemoglobinemia 449
Blood Transfusion 450
3. RESPIRATORY SYSTEM 457
Essential Revision Notes 459
Multiple Choice Questions 488
Answer and Explanation 508
Respiratory Failure and Disturbance in Respiratory Functions 508
Obstructive/Restrictive Pulmonary Diseases 513
Pulmonary Function Test
Bronchial Asthma
Emphysema
Bronchiectasis
Interstitial Lung Disease
Allergic Bronchopulmonary Aspergillosis (ABPA)
Pneumonias and Tuberculosis 541
Bacterial Pneumonia
Atypical Pneumonia
Tuberculosis
SARS (Severe Acute Respiratory Syndrome) 557
Sarcoidosis 558
Pulmonary Edema 561
Adult Respiratory Distress Syndrome (ARDS) 562
Pulmonary Thromboembolism
Pulmonary Hypertension 572
Pleural Diseases 578
Pleural Effusion
Pneumothorax
Disorders of Ventilation and Mediastinitis 584
Bronchogenic Carcinoma 587
Cystic Fibrosis
Bronchial Adenoma and Bronchial Cysts
Kartagener's Syndrome 597

Pulmonary Renal Syndrome 597
Neonate Alveolar Proteinosis 598
Symptoms and Signs of Respiratory Disease 599
4. GASTROINTESTINAL SYSTEM 607
Essential Revision Notes 609
Multiple Choice Questions 641
Answer and Explanation 657
Esophageal Conditions 657
Dysphagia (General/Differential Diagnosis)
Achalasia Cardia
Diffuse Esophageal Spasm
Zenker's Diverticulum
Esophageal Ring/Web
Barret's Esophagus
Esophageal Carcinoma
Stomach and Duodenum 668
Peptic Ulcer Disease and H. pylori Infection
Gastric Outlet Obstruction
Menetrier's Disease
Carcinoma Stomach
Malabsorption Syndrome and Disorders of Small Intestine 682
General
Celiac Disease
Whipple's Disease
Short Bowel Syndrome
Intestinal Angina
Inflammatory Bowel Disease 695
Ulcerative Colitis
Crohn's Disease
Colonic Disorders 701
Irritable Bowel Syndrome (IBS)
Diarrhea and Colitis
Colorectal Carcinomas
Pancreatic Disorders 716
Pancreatitis
Endocrinal Tumors of Pancreas
Cystic Fibrosis 726
5. LIVER AND BILIARY TRACT 729
Essential Revision Notes 731
Multiple Choice Questions 763

Answer and Explanation 778
Jaundice 778
Viral Hepatitis 783
General
Hepatitis B
Hepatitis C
Hepatitis E
Autoimmune and Granulomatous Hepatitis 806
Alcoholic Hepatitis 807
Non-Alcoholic Fatty Liver Disease (NAFLD/NASH) 810
Ascitis 811
Cirrhosis and its Complications 814
Cirrhosis: General
Primary Biliary Cirrhosis and Sclerosing Cholangitis
Non-Cirrhotic Portal Fibrosis
Portal Hypertension
Hepatic Encephalopathy/Hepatic Failure
Hepatorenal Syndrome
Hepatocellular Carcinoma 830
Budd-Chiari Syndrome 832
Disorders of Biliary Tract 833
Wilson's Disease and Hemochromatosis 837
Hematochromatosis 841
6. ENDOCRINOLOGY 845
Essential Revision Notes 847
Multiple Choice Questions 891
Answer and Explanation 912
MEN Syndromes 912
Disorders of Adrenal Cortex 916
Cushing's Syndrome
Hyperaldosteronism: Conn's Syndrome
Adrenal Insufficiency (Addison's Disease)
Diabetes Mellitus (Hyperglycemia and Hypoglycemia) 927
Disorders of Pituitary/Sexual Differentiation 948
Hyperprolactinemia and Anterior Pituitary Disorders
SIADH
Diabetes Insipidus/Psychogenic Polydypsia/Polyuria
Disorders of Calcium Metabolism 963
Hyperparathyroidism
Hypercalcemia and Related Disorders
Vitamin D Deficiency and Paget's Disease
Osteoporosis
Tumor Lysis Syndrome

Disorders of Thyroid Gland 981
Endocrine Tumors 995
Weight Gain and Obesity 1004

Part-B

7. CONNECTIVE TISSUE DISORDERS 1009
Essential Revision Notes 1011
Multiple Choice Questions 1040
Answer and Explanation..... 1056
Vasculitis..... 1056
Wegener's Granulomatosis, Polyarteritis Nodosa, Microscopic
Polyangiitis (MPA) and Churg Strauss Syndrome, Giant Cell Arthritis and Polymyalgia Rheumatica
Takayasu Arteritis
Kawasaki Disease
Henoch-Schonlein Purpura
Behcet's Syndrome
Cryoglobulinemia
Connective Tissue Disorders and Joint Disorders 1077
Systemic Lupus Erythematosus (SLE)
Rheumatoid Arthritis and other Joint Arthritis
Scleroderma/Systemic Sclerosis
Sjogren Syndrome
Sarcoidosis
Seronegative
Spondyloarthropathies
Osteoarthritis..... 1111
Gout
Charcot's Joint
Fibromyalgia..... 1119
Marfan's Syndrome..... 1119
Wilson's Disease..... 1120
Hematochromatosis..... 1126
8. KIDNEY AND URINARY TRACT 1133
Essential Revision Notes 1135
Multiple Choice Questions 1164
Answer and Explanation 1182
Urinalysis 1182
Renal Failure and Tubulointerstitial Diseases 1193
Acute Renal Failure
Chronic Renal Failure
Tubulointestinal Disease

Glomerular Diseases 1208
Nephrotic Syndrome
Nephritic Syndrome and RPGN
IgA Nephropathy and PSGN
Goodpasture's Syndrome
Alport's Syndrome
Minimal Change Nephropathy
Diabetic Glomerulopathy
HIV Glomerulopathy
Lupus Nephritis
Leprotic Glomerulopathy
Miscellaneous Glomerulonephritis
Renal Tubular Acidosis 1232
Disorders of Renal Vasculature 1236
HUS
Benign/Malignant Hypertension
Renovascular Hypertension
Renal Vein Thrombosis
Nephrolithiasis and Nephrocalcinosis 1245
Nephrolithiasis (Renal/Ureteric Stones)
Nephrocalcinosis
Congenital Diseases of the Kidney 1250
Renal Tumours 1256
Hepatorenal Syndrome 1261
Rhabdomyolysis 1262
Tumor Lysis Syndrome 1264
Bartter's Syndrome and Gitelman's Syndrome 1265
Contrast Nephropathy 1268
9. NERVOUS SYSTEM 1273
Essential Revision Notes 1275
Multiple Choice Questions 1348
Answer and Explanation 1376
Headache 1376
Clinical Neurology and Diseases of Spinal Cord 1380
UMN vs LMN Lesions and Motor Neuron Disease
Spinal Cord Disorders 1384
General and Fine Touch
Friedreich's Ataxia
SACD and Tabes Dorsalis
Syringomyelia

Cerebrovascular Diseases and Aphasias 1400
Cerebrovascular Stroke: Causes and Sites
Subarachnoid Hemorrhage
Aphasia 1410
Localization of Stroke: Clinical Features
Lacunar Infarcts
Carotid Stenosis
Lateral Medullary Syndrome and Other Brainstem Syndromes
Others
Central Pontine Myelinolysis 1431
Seizures and Epilepsy 1431
Dementias and Extrapyramidal Disorders 1438
Parkinsonism
Alzheimer's Disease
Huntington's Chorea
Normal Pressure Hydrocephalus
Supranuclear Gaze Palsy
Pseudotumor Cerebri
Others
CNS Infections 1456
CNS Tumors 1466
Disorders of Nerve/Neuropathies 1479
Disorders of Muscles/Myopathies 1493
Myaesthenia Gravis
Muscular Dystrophies and Myopathies 1500
Polymyositis 1503
Episodic Weakness and Channellopathies
Multiple Sclerosis 1507
Head Injuries and Miscellaneous 1511
10. MISCELLANEOUS 1521
Multiple Choice Questions 1523
Answer and Explanation 1531
Acid-Base Disorders and Electrolyte Imbalance 1531
Immune Disorders 1536
Genetic Disorders 1544
Miscellaneous Themes 1557
