CONTENTS

1. Introduction to Nursing Research 1
2. Overview of Research Process 12
3. Research Problem 26
4. Review of Literature 36
5. Hypothesis 48
6. Research Design and Approaches 56
7. Theoretical and Conceptual Framework 81
8. Sampling 89
9. Tools and Methods of Data Collection 108
10. Analysis and Interpretation of Data 144
11. Communication and Utilization of Research Finding 184
12. Research Report and Articles 189
13. Research Proposal 201
14. Computers in Nursing Research 207
